

Anti-floating anchor down-the-hole drill rig for sale

What is anchor drilling rig used for?

The anchor drilling rig is mainly suitable for anchoring and supporting deep foundation pits. It can also be used for rotary grouting construction by replacing the rotary grouting module. 8.

What is an anchor drilling machine?

An anchor drilling machine is mainly used in landslides and dangerous rock mass anchoring projects in the prevention and control of various geological disasters in hydropower stations, railways, and highways. The anchor drilling machine is especially suitable for high-slope rock mass anchoring projects.

What is YG anchor drilling machine?

The slope protection type crawler anchor drilling machine has a reasonable structure design and a wide adjustable angle to meet diversified drilling operations. YG anchor drilling machine adopts silent processing, with low noise and no pollution, which is suitable for urban construction.

What is ygm40 anchor drilling machine used for?

YGM40 anchor drilling machine is mainly used for the construction of anchor holes, drainage holes, and grouting holes in railways, and highways. Hydropower landslide treatment projects, and dangerous rock anchoring projects. And the construction of blasting holes in blasting engineering and tunnel pipe shed support holes.

Can ygm40 anchor drill rig be operated remotely?

The anchor drill rig can be operated remotely. So as to effectively protect the safety of the operator. YGM40 anchor drilling machine adopts a Cycloidal slewing motor. The whole machine has stable and reliable performance and long service life. The anchor drill machine has a wide application range and strong drilling ability.

What are the applications of anchoring?

Application: anchoring engineering, anchor cable construction, anti-floating anchor pilot holes, rotary jet grouting, soil nailing support, dewatering wells, geothermal well boreholes, civil engineering, geotechnical engineering, slope support anchoring, deep foundation pit reinforcement treatment. Easy ways to get the answers you need.

Application Field HR-300X anchor drilling rig is widely used in various construction, water conservancy, geological prospecting, airport subway foundation pits, deep foundation pit ...

YG crawler anchor drill machine is a small simple anchor drilling rig. It is suitable for the implementation of urban deep foundation pit support, and anti-floating ...

Anti-floating anchor down-the-hole drill rig for sale

The high-lift drill rig mainly used in railway, highway, hydropower station high slope support engineering and urban deep foundation pit support, anti-floating anchor works. The engine of ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

Application: anchoring engineering, anchor cable construction, anti-floating anchor pilot holes, rotary jet grouting, soil nailing support, dewatering wells, geothermal well boreholes, civil ...

Anchor Drill Machine Usage: Urban deep foundation pit support, anti-floating anchor and foundation grouting reinforcement hole, blasting hole of blasting ...

There are 30 Drill Rig for sale in Australia from which to choose. Overall 43% of Drill Rig buyers enquire on only used listings, 52% on new and 10.78% on ...

Used Drilling Rigs and Equipment for sale. We sell unwanted Drilling Machinery and Equipment on behalf of the vendor. Drill Rig sales in New Zealand, Fiji, Samoa, Tahiti, Tonga, New ...

The anti-floating anchor drilling rig is integral and equipped with a crawler chassis and a clamping shackle. The use of the following pipe drilling tool can be used ...

Our multifunctional anchor engineering drilling rig integrating rotary jetting, anchoring, and anti-floating anchor construction. It is widely used in subways, ...

This drilling rig can perform ordinary rotary drilling, air down-the-hole hammer drilling, high-pressure jet spraying, self-drilling and self-blasting, etc. It is specifically used in foundation pit ...

Used Drilling Rigs and Equipment for sale. We sell unwanted Drilling Machinery and Equipment on behalf of the vendor. Drill Rig sales in New Zealand, Fiji, ...

ZEGA TOP-HAMMER AND DOWN-THE-HOLE DRILL RIGS Introducing the ZEGA Drill Rig, the pinnacle of efficiency and precision in drilling technology. ...

They are particularly suitable for high slope rock mass anchoring projects, as well as for deep foundation pit support, anti floating anchor rods, foundation grouting reinforcement engineering ...

Anchor drilling machine (Anchor drilling machine) is a kind of high efficient drilling equipment used for foundation reinforcement, slope stabilization and tunnel support, which is specially ...

Anti-floating anchor down-the-hole drill rig for sale

HDD Broker LLC is a brokerage firm that advertises and sells rigs for private owners, banks, and equipment dealers worldwide. We are one of the industry's leading suppliers of used and ...

SA-180A crawler-type full hydraulic multifunctional engineering drilling rig is a multifunctional engineering drilling rig integrating rotary jetting, anchoring, and anti-floating anchor ...

Our KT15 integrated surface DTH drilling rig is designed by drawing inspiration from previous models. It can satisfy most needs of operators by providing a ...

We're professional down the hole hammer drill rigs for mining (mines) manufacturers and suppliers in China, specialized in providing high quality products and service. We warmly ...

Split Anchor Drilling Rig The separated anchor drilling rigs are mainly used in landslides and dangerous rock body reinforcement, especially suitable for side ...

The anchor drilling machine is especially suitable for high-slope rock mass anchoring projects. An anchor drilling machine is also suitable for the ...

Preferred Pump's Used Rig Marketplace is a great place to list your used water well equipment, drilling rigs, and pump hoists for sale.

We ensure the flawlessness of our water hole drilling machine, Water Drilling Rig, rotary boring machine through strict inspection procedures, which is a testament to our commitment to ...

AK-12 Single pass depth 12 meters anti-floating anchor construction drilling rig--AK-12 Anti-floating anchor drilling rig is a new type of drilling rig developed by Wuxi Anman Construction ...

Klemm is a world leader in the development and manufacturing of hydraulic anchor drilling rigs, mini and micro pile drilling rigs, and drilling accessories for all types of special foundation ...

Anchor drilling machines are mainly used for landslide and dangerous rock anchoring engineering in various geological disaster prevention and control of hydropower stations, railways, and ...

Anti-floating anchor down-the-hole drill rig for sale
