

Argentina's new down-the-hole drilling rig company

Will rigs drilling increase in Argentina over 2019-2023?

Westwood expects these projects to contribute to a 23% rise in the annual average number of rigs drilling in Argentina over 2019-2023. Argentina - a global bright spot with growing economic concern

Who are the major drilling teams in Argentina?

Major Drilling teams have operated in Argentina since 1996 and have completed multiple exploration drilling projects in San Juan Province including El Pachón (Glencore), Los Azules (McEwen Mining) and Altar (Aldebaran Resources).

Who is Archer drilling?

Archer is a leading land drilling contractor in Argentina and Bolivia with more than 2,100 drilling and maintenance personnel. Archer is a leading workover contractor in Argentina. Underpinned by experience, dedication and an outstanding record for safety and efficiency, the Archer workover teams currently operate more than 20 mobile land units.

Why should you choose drillar the Argentine drilling company?

The team's experience allows to DrillAr the Argentine Drilling Company to be familiar with a large number of mining projects, as well as to know all the techniques and services. Our Argentine Drilling Corporation, giving our best to provide a quality service is a top priority.

Will a 3rd drilling rig accelerate Vaca Muerta production?

"The addition of a third drilling rig will provide us flexibility to accelerate our activity plan in Vaca Muerta. We forecast to put into production between four to eight wells by year-end, in addition to the 46 previously announced," said Juan Garoby, COO of Vista.

Does Vaca Muerta have a shale oil rig?

The company develops high-quality, low-cost assets in Argentina. In Vaca Muerta, it operates 110 producing shale oil wells and has an inventory of approximately 1,150 wells. Earlier this year, using Nabors provided technology, Vista electrified the first drilling rig in Vaca Muerta, Nabors PACE[®] F24, which is entirely powered by renewable energy.

Down-the-hole (DTH) drilling is a method used to drill boreholes in hard rock formations for various applications such as mining, construction, and quarrying. This technique involves a ...

Increase ROP, improve safety, and decrease nonproductive time with our advanced downhole drilling and intervention solutions. Explore our expertise today.

Argentina's new down-the-hole drilling rig company

The Vaca Muerta shale play in Argentina is leading the way and is expected to continue to dominate rig demand in the region, with several large ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of compressed air and driven into the ...

Earlier this year, using Nabors provided technology, Vista electrified the first drilling rig in Vaca Muerta, Nabors PACE#174; F24, which is ...

Archer is a leading land Drilling contractor in Argentina and Bolivia with more than 2,100 drilling and maintenance personnel. Underpinned by experience, dedication and an outstanding ...

A Case in Point For instance, one of the first PACE-F rigs deployed in the region has set a new industry standard for drilling efficiency in the Vaca ...

The rock drilling equipment for submerged rock drilling is a submerged drilling rig, which is an impact rotary drilling rig with an internal structure different from that of a general ...

But drilling isn't just about boring holes into the earth--it involves strategy, engineering, precision, and, more importantly, the right set of skills. ...

Down The Hole Hammer Drill Rigs for Mining, the ZEGA D470A's diesel-powered, down-the-hole (DTH) drill has excellent mobility, a smaller footprint and the ability to serve multiple sites. It is ...

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include augering and down-the-hole rigs. Typically these are mounted onto ...

Down-the-hole drill DTH drill tool operated with drilling mud (Drillstar MUDHammer) A down-the-hole drill, usually called DTH by most professionals, is basically a jackhammer screwed on the ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

ZEGA series Down The Hole Dlling Rigs are assembled in this workshop, and will be sent to the world!ZEGA Drilling Rigs could help you or your company to impr...

There are three drill rigs now operating at Solaroz. Brine sampling followed by geophysical logging for porosity and specific yield measurements ...

Discover the power of down the hole drilling technology featuring superior performance in hard rock,

Argentina's new down-the-hole drilling rig company

enhanced accuracy, and advanced automation capabilities for efficient and precise ...

ABSTRACT Since their first production application in Sweden in 1995, water-powered, down-the-hole hammers (WDTH) have been used throughout the world in many different drilling ...

Griffith Drilling, established in September 2011, is a leading Chilean exploration drilling company with operations in Chile and Argentina. Griffith Drilling ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

Underground drilling rigs Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for ...

Epiroc is one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our surface drill rigs combine power ...

CENTER ROCK products boast a formidable range of down-the-hole (DTH) hammers, presenting a suite of drills and downhole bits spanning 3.5"- 48" ...

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the ...

Underground drilling rigs Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

Left to Right: Anthony G. Petrello, Chairman, CEO and President of Nabors; Juan Garoby, COO of Vista (Source: Nabors) Vista Energy and ...

New Diamond is a new company founded in 2011, but our team has specialized drilling and pneumatic tools manufacturing since 1998. Currently, the industrial park covers 110,000 m² in ...

The discovery required drilling teams to mobilize special rigs that can drill horizontal holes. Core from drill hole GNDD-266 limestone hosted oxidized ...
