

Baojing DTH Drilling Rig Rental Phone

Where can I rent a drill rig?

Currently, our available stock of drill rig rental equipment includes: Mobile Drill Intl, GTechDrill, VersaDrill Canada, Diedrich Drill, and more as well as various support equipment. Rig Source is experienced with shipping rental drill rig and rental crawler carrier units throughout the US and Canada, and has competitive weekly or monthly rates.

Why should you rent a drilling rig?

In the dynamic drilling industry, there is nothing more important than high-quality equipment rentals. Drill rig rentals not only provide flexibility but also ensure that drilling contractors are getting the latest and best equipment without the complexities of owning a rig.

What types of drilling equipment do you offer?

We offer rental drilling equipment that brings high value to customers at competitive rates. There are various types of drilling equipment, including coring, exploration, direct push, geotechnical, and environmental. This equipment is tough, durable, and brings incredible performance in every endeavor.

Which coring rigs are available for rent?

At Rig Source, we have a variety of coring rigs for rent from top-of-the-line brands including Geoprobe, Versatran, and GTech. These rigs are primarily used for mineral extraction, and our exploration drilling rigs help discover valuable resources below the Earth's surface.

What is an environmental drill rig?

Environmental drill rigs are a tool to investigate environmental conditions at a construction site. These rigs are important for identifying areas of soil or groundwater contamination and making sure that projects align with environmental regulations. Our rig rental options include brands like Diedrich, CME, Mobile Drill, and more.

What is a direct push drilling rig?

Direct push drilling rigs are machines that use a hydraulic hammer drill to penetrate the ground. These are useful for collecting soil and groundwater samples without the need for rotary drilling. We offer a range of models for varying depths and needs from Geoprobe rigs.
