

Beibei fully hydraulic open-pit down-the-hole drill rig

D Miningwell T635 fully hydraulic down hole drilling rig is designed for open pit mining, rock drilling and engineering exploration. Its core strengths are efficient rock drilling, flexibility in adapting ...

We're professional down the hole hammer drill rigs for mining (mines) manufacturers and suppliers in China, specialized in providing high quality products and service. We warmly ...

KT12 Integrated Down the hole Drill RigThe KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

top hammer surface drill rig SWDH Series full hydraulic top hammer drilling rig is a SUNWARD brand drill rig that our company represents. It is designed according to the working conditions ...

TDS ROC S55 is a full-hydraulic down-the-hole drilling rig with excellent performance. The machine is equipped with two-stage high-pressure high-power screw head, high-efficiency ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

Compared to separated drill rigs, our Surface Integrated Drill Rig reduces energy consumption by a whopping 35% and lowers maintenance costs by 50%. Equipped with top-of-the-line ...

Open-pit mining Surface down-the-hole drill rigs MWYX-420 separated DTH drilling rig is equipped with a dual-motor rotary head and a rotary speed-adjustable ...

The KT25 integrated down the hole drill rig for open use can drilling vertical,inclined and horizontal holes,mainly used for open-pit mine,stonework ...

SWDM 178A DTH is an efficiency hydraulic integrative drilling rig, which is suit for high-level and large-bore open-pit blasting operation with various rock ...

DMiningwell 416T-1 small split down-the-hole drill rig is mainly used in quarries, cement mines, open-pit coal mines and other types of mines. It is equipped with a 3.5-inch impactor, a main ...

GIA B6A Borehole Hydraulic Integrated Mining Drilling Rig GIA B6A adheres to the leading technology and mature down-hole drilling method of Baituo group, ...

Beibei fully hydraulic open-pit down-the-hole drill rig

Product Application of Full hydraulic open-pit drill It is suitable for drilling hard and medium-hard (f10 and above) rocks, and can be used for rock blasting drilling ...

GIA B6A Borehole Hydraulic Integrated Mining Drilling Rig GIA B6A adheres to the leading technology and mature down-hole drilling method of Baituo group, integrates down-hole ...

Our full hydraulic DTH drilling equipment is equipped with a high air pressure air compressor. This type of DTH rig machine is suitable for blasting perforation of ...

top hammer surface drill rig SWDH Series full hydraulic top hammer drilling rig is a SUNWARD brand drill rig that our company represents. It is designed ...

The open-air full hydraulic drilling rig comes with a heavy-duty hydraulic top hammer drill (23.4 KW). With its powerful rotary torque impact power and ...

CY-IDR250Blasthole Drilling Rig The CY-IDR250 series down-the-hole drill rig is a new generation of intelligent drilling equipment developed for open-pit mining operations in ...

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called ...

The drilling hole range of TAIYE-X6A-DTH is 138-203mm. Working air pressure is 20-23bar, air displacement is 25m³/min is suit for open-pit mining, quarries etc. It features high efficiency, ...

Fully hydraulic open-pit down-the-hole drill rig Powerful rock drills offer excellent, vertical drilling capabilities in the customer's drilling operations. The fully-integrated rock drill, with its ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

The HFKT7D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, It is capable of ...

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water ...

Unleash the extraordinary power of the CS590-3 crawler hydraulic down-the-hole drill, an unparalleled piece of engineering excellence. This premium equipment is meticulously ...

Epiroc GIA full hydraulic down-the-hole drilling rig, adhering to ATLAS Group's leading technology, has

Beibei fully hydraulic open-pit down-the-hole drill rig

high reliability and high drilling quality. It integrates down-the-hole drilling rigs ...

The integrated open-pit down-the-hole drilling vehicle is an advanced drilling equipment that integrates the down-the-hole drilling system and the screw air ...

Down-the-hole drilling rigs | Choosing the right drilling rig You could need a drilling rig for a multitude of applications, for example to drill a well to access a ...

The drilling hole range of TAIYE-X6A-DTH is 138-203mm. Working air pressure is 20-23bar, air displacement is 25m³/min is suit for open-pit mining, quarries ...

TAIYE-D8-DTH Full Hydraulic Crawler Mounted Large Diameter Blast Hole Surface Down-the-hole Drill Rig TAIYE-D8-DTH is an efficient hydraulic drilling ...

Go to Tzpilemachine for our high precision and high quality open-pit down-the-hole drilling rigs. Factory price open-pit down-the-hole drilling rigs, etc.,

High quality Full Hydraulic Integrated Down The Hole Surface Rock Drill Rig For Open Pit Mining from China, China's leading product market Full Integrated Surface Rock Rig product, with ...
