

Brand 360 down-the-hole drilling rig

Down-the-hole drilling rigs | Choosing the right drilling rig You could need a drilling rig for a multitude of applications, for example to drill a well to access a ...

Crawler Portable Drilling Rig 50-meter Deep Down-the-hole Drilling Rig Used for Blast Hole Drilling Operations in Mines - Amazon The A-to-z Guarantee protects you when ...

Sunward SWDR180B DTH drilling rig is robust performance in hard rock, fuel efficiency, wide drilling range & versatility, and easy maintenance.

The origin of MININGWELL can be traced back to 2001. At the beginning, it was a supplier specializing in the production of accessories for drilling rig factories. During the 20-year ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our ...

Crawler down-the-hole drill is used for blasting hole forming operations in metal mines, non-metallic mines and coal mines. The crawler type down-the-hole drill is equipped ...

The Simba 1354 is popular in medium-drift mining for long-hole production drilling application. The sturdy carrier supports heavy-duty drill tools for the hole ranging from 76-178 mm. The ...

Rotary drilling rigs are among the most sought-after drilling tools in the modern-day industry, thanks to their extreme efficiency and versatility, ranging from ...

CENTER ROCK products boast a formidable range of down-the-hole (DTH) hammers, presenting a suite of drills and downhole bits spanning 3.5"- 48" ...

TAIYE-360-DTH drill rig is an economical drilling rig, which is suitable for drilling holes in hydropower, building material, metallurgy, large and medium ...

Versatile pneumatic DTH rig performs reliably in urban foundation projects and open-pit mining. Configured for anchor installation, trench drilling, and slope stabilization ...

Fast Drilling Speed: Thanks to its powerful down-the-hole hammer and efficient energy transfer, the rig achieves rapid penetration rates, significantly reducing the time ...

Drilling rigs | Choosing the right drilling rig A drilling rig is a type of construction equipment used to make

Brand 360 down-the-hole drilling rig

holes in the earth's surface. They can vary considerably in size: they can be massive ...

Discover the benefits of large-diameter DTH hammer drilling technology. Achieve efficient, precise, and sustainable deep hole drilling for ...

Straight gear reducer, low temperature, high load, long service life; Rotation speed can be adjusted according to rock hardness; Rotating head with Eaton hydraulic motor, work stability; ...

A Down-the-Hole truck drilling rig is a specialized piece of equipment used for drilling boreholes in various applications, such as mining, water well drilling, geotechnical ...

Built specifically for slope and hillside stabilization, this DTH rig is perfect for rock anchoring, soil nailing, and reinforcement tasks. Its adjustable drilling head makes it easy to ...

Down-The-Hole (DTH) Drilling Rig, KQTG-150 new KQTG-150 Down-The-Hole drilling drig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, ...

Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and ...

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built structures, a high horsepower engine and large ...

Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and blast hole drilling in mining ...

ZHIGAO MACHINERY Zhejiang Zhigao Machinery Co., Ltd. is a leading professional company in the field of mining and construction equipment manufacturing. We provide a wide range of drill ...

Leading Manufacturer of Down-the-Hole (DTH) Drilling Equipment for Mining, Construction & Water Wells. Premium products at fair prices. Get a Quote Today!

ANNENG WGQK-300: Heavy-Duty Down-the-Hole Drilling Rig What is the WGQK-300? The WGQK-300 isn't just another drilling rig--it's a workhorse built for the harshest job sites.

Its robust design and powerful engine enable it to drill through various soil types with ease. Heavy Duty Construction: The 300mm pile drilling rig is built with heavy-duty components, ensuring ...

Looking for a good deal on down the hole drilling rigs? Explore a wide range of the best down the hole drilling rigs on AliExpress to find one that suits you! Besides good quality brands, you'll ...

Brand 360 down-the-hole drilling rig

Portable DTH Drill is an efficient and widely applicable drilling equipment, widely used in small and medium-sized mines and transportation projects, especially for uneven ...

KQTG-150 Down-The-Hole drilling drig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for ...

DTH Drilling Rigs for Geothermal Energy Development Geothermal DTH (Down-the-Hole) drilling rig DTH (Down-the-Hole) Drilling DTH Drilling Rigs for Geothermal Energy Development 35HP down the Hole Drilling Rig Geothermal Energy Development down the Hole Drilling Rig All KVA ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH blasthole drilling in mining, quarry and ...

Rotary drilling rigs are among the most sought-after drilling tools in the modern-day industry, thanks to their extreme efficiency and versatility, ranging from mineral exploration to digging oil ...

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the ...
