

British excavator conversion rock drill phone number

What is a word excavator rock drilling attachment?

Custom built to fit your excavator model, the WORD Excavator Rock Drilling Attachment offers solutions for a variety of hard rock drilling applications. With a devotion to quality and timely delivery, WORD Rock Drills is dedicated to delivering your perfect machine when and where you need it.

What is a Tei Rock Drill excavator attachment?

Our patented system combines TEI drifters featuring Automatic Stroke Adjustment (ASA) or rotary heads with an advanced feed system that produces unequalled drilling technology for soil nailing, micropile and mining operations. The TEI Rock Drill Excavator Attachment is ideal for use in difficult low, high and confined environments.

How does a rock excavator work?

One excavator can complete the rock drilling and splitting operations. This saves the costly use of a rock drill. There is no need to frequently move the equipment during work, which greatly improves rock breaking efficiency.

Does a rock splitter need a drill to drill a hole?

Unlike other stand-alone rock splitters mounted on an excavator, it does not require an additional rock drill to pre-drill the hole. One excavator can complete the rock drilling and splitting operations. This saves the costly use of a rock drill.

Who owns Abiljo Excavator Services Ltd?

Abiljo Excavator Services Ltd, founded in 1979 by Audrey and Bill Hitchmough along with Joe Walker, has remained a family-owned business. In the mid-1980s, Anne and Joe Walker took over, and today, their sons James and Matthew lead the company.
