

Chad excavator rock drill all-in-one machine

What is integrated hydraulic rock drill & splitter?

SUPERDRILL Integrated hydraulic rock drill and splitter is an advanced non-blasting rock-breaking equipment that can break very hard rocks. The rock drill and splitter are perfectly combined with the excavator Integrated Hydraulic Rock Drill & splitter

What is integrated drilling and splitting machine?

The integrated drilling and splitting machine is a kind of engineering machinery that integrates the functions of drilling and splitting. It directly installs the rock drill and splitter on the excavator or other engineering machinery and realizes the drilling and splitting work through the hydraulic system.

Does a rock splitter need a drill to drill a hole?

Unlike other stand-alone rock splitters mounted on an excavator, it does not require an additional rock drill to pre-drill the hole. One excavator can complete the rock drilling and splitting operations. This saves the costly use of a rock drill.

How does a rock excavator work?

One excavator can complete the rock drilling and splitting operations. This saves the costly use of a rock drill. There is no need to frequently move the equipment during work, which greatly improves rock breaking efficiency.

The Integrated Rock Drill and Splitter Machine is a modern rock-breaking tool that merges two essential functions--drilling and splitting--into a single hydraulic system. It is designed for ...

Compared with traditional single-piece rock splitters, there is no need to purchase or rent an additional drilling machine. Only one excavator can complete drilling ...

In the rock-splitting operation, there is no need to configure another drilling machine, and an excavator can complete the work, which greatly reduces the construction cost.

The integrated hydraulic rock drill and splitter is to install the hydraulic rock drill and rock splitter on the excavator. One excavator can complete rock drilling ...

Applicability: Install the rock drill and splitter directly on the excavator, and both drilling and splitting can be performed in the cab, which can realize drilling and splitting at one time, ...

Excavator attachment for sale. Integrated Rock Drilling & Splitter Machine. 25 ton excavator. Rock splitting machine. Rock drill. Free quote.

Chad excavator rock drill all-in-one machine

Excavator Rock drilling and splitting all-in-one machine applications The Integrated Hydraulic Rock Drill and Splitter is widely used in mining, stone factory, large ore mountain rock ...

Excavator Rock drilling and splitting all-in-one machine applications The Integrated Hydraulic Rock Drill and Splitter is widely used in mining, stone factory, large ore mountain ...

Integrated Rock Drill Splitter Machine for 25-Ton Excavators. Used for hard rock square mining projects. Non-blasting rock-breaking equipment.

1)PD-90B Excavator Mounted rock drill suit to the 15-20 tons excavator mounted machines. 2)The rate of the Pump can reach 200L/min, drilling diameter 38 ...

At Global Machinery, we provide the specialized tools and equipment needed for demanding rock drilling projects. Whether you're demolishing concrete or ...
