

Chengde fully hydraulic open-pit down-the-hole drill rig

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

Product Tags The KL511 fully hydraulic open - pit drill rig has standard 45/51mm - diameter drill rods and can drill vertical, inclined and horizontal blast holes of 76 - 127mm in diameter.

The drill pipe handling capacity of 4+1 allows for seamless operation and quick pipe changes, ensuring continuous drilling progress. Equipped with a maximum torque of 5,600 N.m, the rock ...

ZEGA TOP-HAMMER AND DOWN-THE-HOLE DRILL RIGS Introducing the ZEGA Drill Rig, the pinnacle of efficiency and precision in drilling technology. ...

The drilling hole range of TAIYE-X6A-DTH is 138-203mm. Working air pressure is 20-23bar, air displacement is 25m³/min is suit for open-pit mining, quarries ...

The integrated open-pit down-the-hole drilling vehicle is an advanced drilling equipment that integrates the down-the-hole drilling system and the screw air ...

GIA B6A Borehole Hydraulic Integrated Mining Drilling Rig GIA B6A adheres to the leading technology and mature down-hole drilling method of Baituo group, ...

MININGWELL Separated DTH drill rig drilling rig is used for open pit, mine, quarry, construction etc. And this mine drilling rig is with good integrity, ...

Down-the-hole drilling rigs | Choosing the right drilling rig You could need a drilling rig for a multitude of applications, for example to drill a well to access a ...

Mining Drilling Rig - Xuanhua Taiye Drilling Machinery Co ... Mining Drilling Rig. Taiye's open-air DTH series of drilling rigs can drill pre-crack holes in slopes, root-bottom holes, and step ...

The HFKT7D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, It is capable of ...

TAIYE-D6-DTH is a high-efficiency integrated fully hydraulic crawler drilling machine. It uses diesel and diesel-electric hybrid power to adapt to the ...

Chengde fully hydraulic open-pit down-the-hole drill rig

The reason customer want to drill the hole is that drill and blast is the most efficient and economic way to break rock instead of excavating it. Blast hole drilling equipment ...

TAIYE-D6-DTH is a high-efficiency integrated fully hydraulic crawler drilling machine. It uses diesel and diesel-electric hybrid power to adapt to the hardness of medium-soft to medium ...

CY-IDR250Blasthole Drilling Rig The CY-IDR250 series down-the-hole drill rig is a new generation of intelligent drilling equipment developed for open-pit mining operations in ...

The blast hole range includes the Drill Master series, a proven market leader to this day, and the Pit Viper series, a premium range product that delivers highly ...

It is a small and medium-sized open-pit down-hole equipment independently researched, developed, and manufactured by our company. It is mainly suitable for blasting hole ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

B4A 21M 2400N.M Hammer Drilling Rig Mine Drilling Rig The Hongwuhuan B4A drill rig is a type of full-hydraulic open-pit DTH (Down-The-Hole) drill rig. Below is a detailed introduction to this ...

top hammer surface drill rig SWDH Series full hydraulic top hammer drilling rig is a SUNWARD brand drill rig that our company represents. It is designed according to the working conditions ...

KT12 Integrated Down the hole Drill RigThe KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

D Miningwell T635 fully hydraulic down hole drilling rig is designed for open pit mining, rock drilling and engineering exploration. Its core strengths are efficient rock drilling, flexibility in adapting ...

The KT25 integrated down the hole drill rig for open use can drilling vertical,inclined and horizontal holes,mainly used for open-pit mine,stonework blast holes and pre-splitting holes,It is driven ...

SWDM 178A DTH is an efficiency hydraulic integrative drilling rig, which is suit for high-level and large-bore open-pit blasting operation with various rock ...

Go to Tzpilemachine for our high precision and high quality open-pit down-the-hole drilling rigs. Factory price open-pit down-the-hole drilling rigs, etc.,.

SWDM 280BE-DTH is a full hydraulic surface drilling rig with cab, dust removal system, long distance travel

Chengde fully hydraulic open-pit down-the-hole drill rig

driven by the engine and drilling working powered ...

The open-air full hydraulic drilling rig comes with a heavy-duty hydraulic top hammer drill (23.4 KW). With its powerful rotary torque impact power and advanced control system, the rig is ...

It is a small and medium-sized open-pit down-hole equipment independently researched, developed, and manufactured by our company. It is mainly ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

Fully hydraulic open-pit down-the-hole drill rig Powerful rock drills offer excellent, vertical drilling capabilities in the customer"s drilling operations. The fully-integrated rock drill, with its ...

DMiningwell 416T-1 small split down-the-hole drill rig is mainly used in quarries, cement mines, open-pit coal mines and other types of mines. It is equipped with a 3.5-inch impactor, a main ...

Our full hydraulic DTH drilling equipment is equipped with a high air pressure air compressor. This type of DTH rig machine is suitable for blasting perforation of ...
