

Chifeng Mountain Rock Drill

What is Chifeng rock art?

Chifeng Rock Art, dating back to 8000 to 7000 years ago, is an important part of the rock painting system in Inner Mongolia and even in northern China. The petroglyphs located here are dominated by human faces and animals, with human faces prominently represented by the eyes, followed by the mouth and nose, and then by the ears.

What are Chifeng petroglyphs?

The Chifeng Petroglyphs (simplified Chinese: 赤峰岩画; traditional Chinese: 赤峰岩畫; pinyin: Chífēng Yánhuà), also known as Chifeng Rock Art, are images carved into the rocks of Chifeng, Inner Mongolia. These petroglyphs were carved by the nomads of ancient northern China.

Where is Chifeng City?

Chifeng City in southeast Inner Mongolia although is not as famous as Hohhot or Hulunbuir in this large scenic prefecture, it still boasts its own featured appealing landscape wonders, historical remains and cultural gems drawing the attention of many travelers.

What are the best grasslands in Chifeng?

Gongger Grassland located at the northwest and southwest of Hexigten Banner is one of the best grasslands in Chifeng. This plateau grassland with the altitude of 1200-1400 has advantageous plantation and luxury grassland crossed by the winding Gongger River like a jade necklace.
