

Customized Finnish engineering drilling rigs

Who is Arctic drilling company?

Wherever there's drilling to be done, Arctic Drilling Company can answer the challenge even in extreme conditions - efficiently and ecologically. From full-scope exploration drilling services for geological surveys to the development and manufacturing of cutting-edge drilling rigs, ADC has you covered.

What is a geomachine geotechnical drill rig?

Geomachine geotechnical drill rigs are designed to operate in difficult soil and challenging terrain. Due to their versatility, they are suitable for a wide variety of different types of geotechnical and geological drilling. [Read more](#)

What is a geomachine rig?

All Geomachine rigs are designed to penetrate the world's most versatile ground- soil shaped by the Ice Age. In addition, our rigs also move effortlessly in the most challenging terrain. Geomachine designs and builds rigs that generate profit for their owners.

Why should you buy a geomachine drilling rig?

Geomachine drilling rigs are versatile, making them a cost-efficient and profitable purchase. Units are modular in design and can be customized according to customer requirements. All Geomachine products are designed and manufactured in Finland to the highest quality standards.

Drillcom was founded in 2010, in the middle of a typical cold Finnish winter, right in the heart of Nokia's industrial area. The founding triplet you find at the center of our firm, have ...

The above drilling rigs have used a variety of in-house substructure designs, including Step Down, One-Piece, Box on Box and Self-Elevating. Each substructure design can accommodate ...

Epiroc is one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

As a long recognized leader and innovator in the Drilled Shaft Industry, Watson is uniquely qualified to design and manufacture foundation drill rigs for drilled shaft (bored pile) construction. ...

Peter Drilling & Contracting offers specialty drilling services. When your project requirements dictate narrow or tight access (30 inches), or low overhead clearance, PD & C can meet your ...

Explore the different types of drilling rigs from the oil and gas industry and understand how each one is built for specific depths, locations, ...

Customized Finnish engineering drilling rigs

Explore Gemsa's advanced surface and underground drill rigs, designed for rock blasting projects, marble, granite, and limestone quarries, as well as mineral ...

Compare mobile, stationary, and automated drilling rigs--explore their benefits, limitations, and how to choose the best rig for your project.

On March 15, 2021, the 30th customized light rotary drilling rig SD18 of Shanghai Jintai Construction Machinery Co., Ltd. is ready to go, carrying Jintai's brand ...

Drilling rig engineering and design focuses on developing high-performance, safe, and durable rigs for the oil and gas industry. By following API 4F standards, these designs ensure that rigs ...

From full-scope exploration drilling services for geological surveys to the development and manufacturing of cutting-edge drilling rigs, ADC has you ...

Introduction to Some of the Best In Finland That Produce Custom Made Truck For Drilling. Very valuable trucks that drill holes a mile deep in new earth. Sometimes these holes are required ...

AK150 crawler anchoring drilling rig, horizontal dust removal and slope protection drilling rig is a high-efficiency and multi-functional drilling rig independently developed by the company. The ...

Lean with Drillopedia about land rig-jack up drilling rig-barge-semi submersible rigs-drillship-platform rigs-tension leg platform rig and slim hole drilling.

Linyi Yanlin Engineering Machinery Co., Ltd.: We're well-known as one of the leading drilling rig, water well drilling rig, exploration drilling rig, hydrafab drill rig, well drilling rig suppliers in ...

Drilling rigs are essential equipment in the oil and gas industry, used for exploration, development, and production wells. They are categorized ...

Drilling rigs are essential machines used in various industries to create holes in the earth's surface. From oil and gas exploration to water well drilling and ...

FlexRig®; Fleet Solutions FlexRig®; Fleet Solutions A revolution in rig design More than 20 years ago, H& P pushed the industry further through the development ...

AK180 crawler anchoring drilling rig, horizontal dust removal and slope protection drilling rig is a high-efficiency and multi-functional drilling rig independently developed by the company. The ...

Customized Finnish engineering drilling rigs

BETEK is one of the leading manufacturers of tungsten carbide-tipped wear parts, tool systems and wear protection solutions. Our high quality specialty products are used in road milling, ...

EVH Drill Engineering Pty Ltd are manufacturers of drilling rigs and sampling systems for environmental, geotechnical, green fields exploration and shallow ...

Explore the different types of drilling rigs from the oil and gas industry and understand how each one is built for specific depths, locations, and power needs.

Today you get a very first look at DEPCO Drilling's Brand New BIG RIG DK60As far as trailer mounted top-head drive drill rigs go, this thing is a true monste...

At Rig Engineer, we specialize in comprehensive maintenance reviews designed to enhance the operational efficiency and safety of oil drilling rigs. Our approach includes meticulous oversight ...

Rigs - Advanced technology for drilling operations. Bentec - Engineering, design and manufacturing of complete customized drilling rigs including rig mast and ...

Beijing BOMCO · Introduction Beijing BOMCO Offshore Petroleum Engineering Technology Co., Ltd. (BOMCOBJ), with previous name BOMCO ...

Products for geotechnical investigation, geological exploration and geothermal well drilling in the world's most challenging conditions. Read more!

Custom Oil and Gas Rigs Further Info Download Custom Design PDF Custom-Built Drilling Rig Systems Entro Industries has provided critical engineering design and support services for ...

OFFSHORE OFFSHORE One of the most important pillars of our design engineering business is in the offshore industry. Our chief competencies include the design of service, support and ...

Wuxi Zhongjin Mineral Exploration Tools Co., Ltd.: Welcome to buy the best underground drill rigs, core drill rigs, engineering drill rigs, core barrels and overshots, drilling ...

TerraRoc specializes in geotechnical drilling consumables, offering a comprehensive range of customized tools including core drilling equipment and down-the-hole hammers, which ensure ...
