

Customized down-the-hole anchor drilling rig in Argentina

Who is Archer land drilling?

Through our wholly owned subsidiaries, the DLS group of companies, Archer's Land Drilling division has provided Drilling services to operators in Argentina, Bolivia and other regions for more than 45 years, on a dayrate, turnkey or integrated project basis.

How many drilling rigs are there in Vaca Muerta?

Underpinned by experience,dedication and an outstanding record for safety and efficiency,the Archer's Drilling staff currently has more than 35drilling rigs,8 of them being of latest technology,carrying out their activities for different clients in Non-Conventional fields in Vaca Muerta.

How do our rigs work?

Our rigs are equipped with satellite connectivitywith voice and data capabilities,supported by last generation IP telephony,ERP systems that can be accessed from all our rigs and operational bases,and the required software to handle our operations in an effective way.

Discover the split anchor DTH drilling rig ZGYX425S. It can drill up to 60m deep with a ?105 - 203mm hole diameter. High torque and stable performance make it perfect for various drilling ...

Amazon : Track Mounted Dowh The Hole Anchor Drilling Rig Machine Dth Drill Rig Integrated Down The Hole Drill Rig for Open Use : Tools & Home ImprovementAbout ...

BAUER RB rigs can be used for numerous drilling methods (with optional special equipment as needed and depending on the geological conditions); Air lift ...

High Efficiency Crawler Powerful Anchor Drilling Rig Machine For Civil Engineering, Find Complete Details about High Efficiency Crawler Powerful Anchor Drilling Rig Machine For Civil ...

The team"s experience allows to DrillAr the Argentine Drilling Company to be familiar with a large number of mining projects, as well as to know all the techniques and services. DrillAr is an ...

Main drilling methods: conventional drilling with down-the-hole hammer, pipe drilling, and auger drilling. In the drilling construction practice of various complex formations and different drilling ...

Down-the-Hole (DTH) drilling is a technique used to create deep, precise holes in hard rock and challenging ground conditions. In this method, ...

High Lift Mountain Slope Anchor Drilling Rig||High Lift Drills For Sale?Want Price??Leave your needs and

Customized down-the-hole anchor drilling rig in Argentina

WhatsApp/WeChat/Email, and we will send it to you.?W...

Argentina Air-lift reverse circulation exploration drilling rig Argentina MDL-150C anchor drilling rig introduction The crawler chassis moves quickly and is convenient for centering the hole; the ...

Drilling Services All our drilling rigs have hydraulic catwalk, top drive and "iron roughneck" and 80% of them are 1,000 HP or greater. In addition, the company has a large backup inventory ...

Main drilling methods: conventional drilling with down the hole hammer, alloy drilling, and spiral drilling. Specification Produce name Anchor drilling rig brand GUO XIN Place of Origin He bei ...

Explore the deep hole drilling solutions. We offer precision-engineered options, proper equipment selection, and local adaptation features. Ideal for 50 - 500m deep hole projects.

The ZJ-70 anchor drilling rig is a fully hydraulic driven power head drilling rig. The hydraulic motor, pump and quick joint of the drilling rig adopt international products, and other main ...

Discover the power of down the hole drilling technology featuring superior performance in hard rock, enhanced accuracy, and advanced automation capabilities for efficient and precise ...

Established in June, 2003, Lanteky Machine is a professional manufacturer and supplier of engineering machinery. We are specialized in MD series anchor drilling rigs, MDL series ...

Explore the working principles and anchoring methods of self-drilling hollow anchor rods in slope, foundation pit, tunnel, and prestressed support applications. Enhance project ...

Down-the-Hole (DTH) drilling is a technique used to create deep, precise holes in hard rock and challenging ground conditions. In this method, the hammer and drill bit are ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the drilling hole to rotate and drill to the ore ...

Stone Drilling Machine Basalt Quarry Rock Drilling Rig Tracked Mining Crawler Anchor Hole Drilling Rig No reviews yet certified Changsha Dth Drill Construction Machinery Co., Ltd. ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the ...

We are a professional manufacturer. Our factory mainly produces water well drilling rigs, core drilling rigs, down-the-hole drilling rigs, pile drivers, etc. The products have been exported to ...

Customized down-the-hole anchor drilling rig in Argentina

The small down the hole drilling rig offers hybrid motor-air performance, designed for efficient rock drilling in tight or steep areas. Click!

Our drilling services provide a complete solution joining Drilling technology with industry experts together to execute global projects over and over again. The strength of our service is the ...

High-impact DTH blast hole drills engineered for mining, quarrying, and construction blasting. CINTRL rigs feature low air consumption hammers, depth accuracy (±0.5°), and rugged ...

Archer is a leading land Drilling contractor in Argentina and Bolivia with more than 2,100 drilling and maintenance personnel. Underpinned by experience, dedication and an outstanding ...

This integrated down the hole drill rig combines air compressor and drilling functions, perfect for DTH boring machine operations in mining.

The customized down the hole drilling rig is equipped with a dual hydraulic motor power head and a high-performance diesel engine. The power is powerful and the output torque is extremely ...

Anchor drilling machine (Anchor drilling machine) is a kind of high efficient drilling equipment used for foundation reinforcement, slope stabilization and tunnel support, which is specially ...
