

Deslan 75 screw air compressor

Where is Desran Air Compressor Factory located?

Desran is located at the north part of Shanghai and has three multi-story manufacture mills and one office building, spanning the land of 25,500 square meters. In 2010, Desran ranked second in term of screw air compressor manufacture and sales in China by China Compressor Industry Association, and was awarded "the new high-tech enterprise".

Why should you choose Desran air compressor?

Our machines adopt the two stage compression technology, which not only increases the efficiency of compression, but also avoids the negative influence from the high discharge air temperature and increases the reliability and running life of air end. Desran Compressor is the leading air compressor manufacturer in China.

What is a Kaeser SFC 55 75HP rotary screw compressor?

The SFC 55 75hp rotary screw compressor is the perfect solution for smaller compressed air systems with varying air demand to achieve significant energy savings while maintaining stable pressure. KAESER SFC units are up to 25% more efficient than the competition. These units are available with an integrated dryer.

What is a CSD compressor?

CSD machines are offered in six different pressure variants. Each is optimized to deliver significantly more air with lower kW than comparable compressors. The CSD 110T is a rotary screw compressor with integrated refrigerated dryer sized for the full flow of the compressor.

Which Kaeser rotary screw compressors have direct drive?

Kaeser's 75 hp rotary screw compressors in the CSD series with direct drive incorporate all standard Kaeser features, such as powder-coated enclosures, premium efficiency TEFC motors, and the SIGMA PROFILE air end. These units are available with integrated dryers and/or variable speed drive options.

Does industrial air power rebuild rotary screw air compressors?

We rebuild your air end and return it to you, like new! Industrial Air Power is your premier resource for air-end rebuilds for all rotary screw air compressors from 10hp up to 1000hp. With thousands of remanufactured air ends completed since 2008, Industrial Air Power offers a reputable, reliable air end rebuilding service with unrivaled prices.
