

Deyang integrated down-the-hole drilling rig

The JL452H integrated down the hole drilling for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system. It is capable of ...

The ZEGA D545 integrated down-hole drilling rig of Zhigao Excavation is an upgrade on the basis of mature models, and the core hydraulic components are selected from internationally ...

The ZT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes. ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the screw compression system and ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...

Our KT15 integrated surface DTH drilling rig is designed by drawing inspiration from previous models. It can satisfy most needs of operators by providing a ...

The series of heavy-duty DTH surface blast hole drill rigs are developed and manufactured by LANTYPC; Machine with diesel engine, air compressor and automated hydraulic control ...

The KT15C integrated down the hole drilling rig is more heavy then KT15 model, which is lower revolving rotating speed of gyrator 100rpm/min, and with feed stroke 4580mm/5580mm for ...

The KT25 integrated down the hole drill rig for open use can drilling vertical,inclined and horizontal holes,mainly used for open-pit mine,stonework ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

How long is the delivery time? A: Our MOQ is 1 sets. Normally for drill rig, the delivery time is about 25-30 days after receiving payment, the drilling tools would be about 3-5 days. Q: How ...

Deyang integrated down-the-hole drilling rig

Consists of integrated down-the-hole drilling rigs, full hydraulic open-pit drill carriages, multifunctional cutting drilling rigs, ground screw drilling rigs, down hole rock drill jumbos ect. It is widely ...

KT12 Integrated Down the hole Drill Rig The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

An Integrated DTH (Down-the-Hole) Drill Rig is an advanced drilling system designed for efficient and precise drilling in hard rock formations. It combines ...

The ZT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

located in Beijing, China, is an integrated corporation specialized in manufacturing and exporting top quality drilling equipment and drilling parts for decades. We are supported and assisted by ...

The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, It is capable of drilling ...

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water ...

integrating the down the hole drilling system and screw air compressor system, It is capable of drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

Categories: All Products, Kaishan Drilling Rigs, Rock Drilling Tools Description: The KT11 integrated surface DTH drilling rig utilizes a single Cummins three-cylinder diesel engine with ...

Kaishan KT7D integrated open-pit down-the-hole drilling rig is an advanced drilling equipment that integrates the down-the-hole drilling system and the ...

KAISHAN KT11 Integrated Down the hole Drill Rig offers high efficiency and reliability for mining projects. With a drilling diameter of 100mm and a depth of 25m, it is perfect for various industries.

The split down-the-hole drill rig, with its split design, is convenient and fast to move, can quickly respond to drilling needs in different areas, and improve construction efficiency.

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

The D470A down-the-hole open pit drill rig, crafted for challenging conditions and strenuous tasks, is ideal

Deyang integrated down-the-hole drilling rig

for extensive rock drilling, excelling in everything from pre-split to ...

Multifunctional Drilling Rig is a high-performance, multi-purpose machine designed to meet demanding drilling needs across various terrains and applications. Capable of operating with ...

The integrated down the hole drill rig is a self-propelled rock drilling equipment that incorporates the power system (usually a diesel engine and an air ...

Kaishan Integrated down-the-hole Drilling Rig KT9D can reach the Depth Max 24m, Diameter90-130mm, f: 6-20 hardness.If you want to learn details, please conta...

The KT9D integrated down the hole drill rig rock drilling rig The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...
