

Down-the-hole drilling rig rental company recruitment

Where can I rent a drill rig?

Rig-Rents offers Bay Shore Systems drill rigs, piling equipment, and tooling for rent nationwide.

What is a down the hole drilling rig?

Down the hole drilling rig is an impact rotary drilling rig. Its internal structure is different from that of a general rock drill.

Do you offer low overhead drill rigs?

We offer low overhead models for limited access drilling, Kelly bar extensions, and rubber pads or steel tracks on all drill rigs. We understand the importance of efficient and safe operations. Every piece of equipment undergoes meticulous maintenance to ensure optimal performance on your next drilling project.

What drilling tools do you offer?

Drilling Tools: We provide a variety of drilling tools, including stabilizers, reamers, and hole openers, each designed to optimize your drilling efficiency. These tools are crafted to withstand harsh environments, reducing downtime and enhancing productivity.

What makes Maverick a good downhole tool rental company?

At Maverick, we pride ourselves on being your trusted downhole tool rental company, offering a comprehensive range of benefits... Our equipment is meticulously maintained to ensure dependable performance and minimize downtime. We maintain a large inventory of dumb iron, ensuring that the equipment you need is available when you need it.

What is rig equipment?

Rig Equipment: Our robust rig equipment, including mud pumps, drawworks, and top drives, is selected for its reliability and performance. We ensure that each piece of equipment is in top condition, ready to contribute to your project's success.
