

French engineering survey drilling rig manufacturer

Who makes Stenuick drill rigs?

Stenuick Internationalis one of the main French manufacturers of drill rigs and drilling equipment for water well and geothermal drilling, foundations and ground consolidations, geotechnical investigations, quarries, mining research ...so many activities where the Stenuick drilling machines find their application.

What kind of drilling equipment does Upet offer?

UPET is one of the leading drilling equipment manufacturers in Europe. We offer: Mobile drilling and workover rigs of 150 - 1500 HP (30 - 300 tons) capacity. Specialized drilling equipment - rotary tables, traveling blocks, hydraulic swivels, sheaves, mud pumps, masts (derricks), and other components for drilling rigs.

Where are our rigs made?

Designed by us in France and manufactured in the United States, our rigs meet the expectations of our most demanding clients. We are constantly seeking for new talents ready to invest alongside us and perpetuate our unique expertise.

What is a drilling rig?

Drilling rigs. Our drilling rigs are used for drilling oil and gas wells, geothermal wells, for deep water drilling, or salt deposits. UPET rigs are capable of drilling down to 6 kilometers depth, and the lifting capacity is up to 300 tons. Rigs are installed on chassis with 5-8 axles or semitrailers, we use conventional or electric engines.

What types of drilling equipment do you manufacture?

Drilling equipment. We manufacture various drilling equipment such as rotary tables (MRS and MRL models), traveling blocks (MC), swivels (CH), drawworks, mud pumps, auxiliary brakes, crownblocks, masts, substructures, bevel gears, hydraulic jacks, hydraulic mast elevators, and chain transmissions. Additional services.

What equipment do you need for a drilling rig?

Mobile drilling and workover rigs of 150 - 1500 HP (30 - 300 tons) capacity. Specialized drilling equipment - rotary tables, traveling blocks, hydraulic swivels, sheaves, mud pumps, masts (derricks), and other components for drilling rigs. Drilling and workover rigs inspections and certification.

Geological Conditions Our geotechnical drilling rigs thrive in varied geological conditions, with precision engineering and advanced technology. These robust and innovative rigs conquer ...

French engineering survey drilling rig manufacturer

As a manufacturer of drilling machines for more than 20 years, EMCI offers a broad spectrum of drills and a catalogue of options allowing you to choose the equipment best suited to your ...

With unmatched technical and global experience, RigQuip offers rig packages, maintenance and drilling equipment parts to customers worldwide.

Portable full hydraulic core drilling rig is suitable for core exploration and construction in different geological and landform environments. It is widely used in geological ...

Drillmec is an international leader in manufacturing and distribution of drilling rigs for onshore and offshore applications as well and of drilling ...

02 Engineering Rig Resources Engineering Division is a core division of our company. With over 100 years of combined expertise in Rig Design ...

Rig condition and acceptance surveys are assessments by way of a detailed evaluation of equipment and systems and covers an in-depth survey of the state of maintenance of the rig.

It has more than 20 species such as water well drilling rig, core drilling rig, engineering drilling rig, DTH drilling rig, horizontal directional drilling rig, etc.

The firm provides all related services, from geotechnical surveys to the engineering of the most complex projects, including in-situ and laboratory ...

Rig Survey International performs professional, independent surveys and inspections on all types of land and offshore drilling rigs and support vessels. We deliver an in-depth, risk-based ...

Drill rig manufacturer you can count on for quality geotechnical products, drill rigs, test rigs, underpinning and compaction grouting equipment.

Shandong Zhiqiang Drilling Equipment Co., Ltd. is a newly upgraded hydraulic system geological exploration drilling rig that specializes in core taking, rock core drilling, and other functions.

Huanghai Machinery is a manufacturer who designs and produces geological exploration equipments, coal bad methane equipments, engineering ...

Geological Conditions Our geotechnical drilling rigs thrive in varied geological conditions, with precision engineering and advanced technology. These robust ...

LP Drilling rigs guarantee the lowest possible environmental impact, require small location sizes and a low

French engineering survey drilling rig manufacturer

number of loads for a greater speed of transfer. All this is converted into economic ...

From a well-established companies like Sofresid Engineering and GDB International to brand new companies in the industry such as SORRY, you can find equipment ...

Core Drilling Rig YG core drilling rig is a multifunctional core drilling rig, mainly used for shallow hole core drilling with diamond or carbide drill bits. It is also ...

Power Distribution Engineering Jelec complete engineering solutions reduce operational costs, increase safety, enhance drilling and equipment optimization / performance. Jelec's focus is on ...

ZZ Group Machinery is a manufacturer who designs and produces geological exploration equipments, coal bad methane equipments, engineering foundation equipments and horizontal ...

Enedril, founded in 2013, is a French service provider specializing in the drilling industry. We cater to diverse sectors including geothermal, oil, gas, and ...

VELSON is the first automatic drilling rig manufacturer in India. We are manufacturing the Drill Rig for various applications like water well drilling, Blast hole drilling for mining, micro piling for ...

Modu-survey services include rig inspections, surveys, audits, rig intake, reactivation, customized OTJ rig inspection & compliance training, crew competency assessments on all types of ...

They search for and produce petroleum, they transport, drilling and operate list of oil rigs, refine and market petroleum and petroleum products. They are therefore called ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Huanghai Machinery is a manufacturer who designs and produces geological exploration equipments, coal bad methane equipments, engineering foundation equipments and horizontal ...

ZZ Group machinery corp is a manufacturer who designs and produces geological exploration equipments (like drill rigs), coal bed methane equipments (like CBM drill rig), engineering ...

Hyperion Drilling is situated in Pretoria East,Gauteng, South Africa- Hyperion Drilling manufactures drill rigs as per the needs of our clients. Our machines ...

Energy Dais presents the most comprehensive list of the top Drilling Rig manufacturers in India, Middle East, USA & Canada. Choose from a list of 50+ ...

French engineering survey drilling rig manufacturer

UPET is one of the leading drilling equipment manufacturers in Europe. We offer: Mobile drilling and workover rigs of 150 - 1500 HP (30 - 300 tons) capacity. ...

SLB offers surface equipment, such as state-of-the-art drilling rigs, managed pressure drilling (MPD) systems and services, and wellhead systems. Our equipment and experts provide ...
