

Fully hydraulic anchoring engineering drilling rig

ZJ-50 anchor engineering drilling rig is a fully hydraulic driven power head drilling rig. It is suitable for the construction of large-tonnage prestressed anchoring holes, drainage holes, tunnel ...

A test prototype is built to simulate the actual anchoring drilling process, and the vibration law of the support platform and the drilling rig is obtained through the vibration ...

The JCM210 fully hydraulic anchoring drilling rig is a high-performance drilling rig specially designed for construction in complex strata. It adopts an enhanced power system, with an ...

PRODUCT DESCRIPTION & Characteristics The JCM210 fully hydraulic anchoring drilling rig is a high-performance drilling rig specially designed for construction in complex strata. It adopts ...

The drilling rig is mainly applied in RC drill, geothermal hole, anchor hole of deep basement foundation anchoring and reinforcement groundwork hole. Also, it is used in drilling in the drain ...

SA-150Q crawler-type hydraulic anchor drilling rig is the professional soft soil foundation reinforcement equipment, mainly used for anchoring engineering, ...

The ZJ-series full hydraulic anchor engineering drilling rig is a drilling rig powered by hydraulic drive. It is specifically designed for various construction projects including deep foundation pit ...

Maximum torque: 17000 Nm Given progress: 10500 mm Power type: Diesel engine & Application JCM290 Ultra-deep hole fully hydraulic anchoring drilling rig, with 400mm maximum opening ...

MD-60A Slope Anchoring Engineering Drilling Rig As a fully hydraulic rotary anchoring drilling rig, MD-60A slope anchoring engineering drilling machine is mainly used for the anchoring ...

It is the leader of supplying sea engineering geological exploration drilling rig, anchoring drilling machine, RC drilling rig, core drilling rig, drilling technique and drilling tools used in cracked ...

At present, the existing traditional anchoring drilling rigs in the market, the lifting height is generally about 2 meters, which can not realize the drilling construction of high slope support ...

SA-150Q crawler-type hydraulic anchor drilling rig is the professional soft soil foundation reinforcement equipment, mainly used for anchoring engineering, anchor cable construction, ...

Fully hydraulic anchoring engineering drilling rig

4. The drilling rig has the large feeding and pull-out force, making it easy to handle special situations inside the hole; 5. The drilling rig adopts a fully hydraulic system, which is easy to ...

The Drilling Rig Model YGL-C200, which is a full hydraulic top drive impact power head crawler drilling rig. It applies to construction of big tonnage stress anchoring hole, the grouting ...

Product Description: The JCM210 Full Hydraulic Anchor Drilling Rig is built for tough jobs like soil nailing and rock anchoring in tricky geological conditions. Its 154kW QSB5.9-C210 diesel ...

With 360 degree horizontal and vertical rotating tables, Z-1250 Anchor Drilling Rig can be used efficiently for drilling holes to front facet, flank facet as well as ceiling of tunnels. In the ...

SA-150Q Hydraulic Multi-functional Anchor Drilling Rig could achieve various drilling method, good performance for complex geological conditions, suitable ...

Advanced modular hydraulic circuits The MC 8 is an extremely versatile and powerful small/medium size hydraulic drilling rig, designed for civil engineering ...

???? ????? Fully Hydraulic Double Speed Motor Soil Nail Anchor Drilling Rig Engineering Equipment ??
????, ?????? ?? ????? ?????? ??? ??? ??? ?????, ????? ??? ??? ??? ?????, ????? ??? ????? ?????
???? ??? ?????????.

Buy Fully Hydraulic Anchor Jet Grouting Drilling Rig - Advanced High-Pressure Jet Grouting Equipment for Engineering Projects: Hole Enlarging Drill Bits - Amazon FREE DELIVERY ...

XDGJ series fully hydraulic crawler-type high-lift drilling rigs are mainly used in landslide and dangerous rock mass anchoring projects in the prevention and control of various ...

Wuxi Jinfan Drilling Equipment Co., Ltd. (hereinafter referred to as "Jinfan") founded in 2003, is located in the Meicun Industrial Zone of Wuxi New District, with business covering more than ...

There are many common names for fully hydraulic anchor drilling rigs, such as bolt drills, down-the-hole drilling rigs, water drills, rock drills, rock ...

Fully hydraulic anchor drilling rigs use hydraulic power for rotation, propulsion, and auxiliary operations. The hydraulic station is driven by an electric motor or internal combustion ...

XDGJ series fully hydraulic crawler-type high-lift drilling rigs are mainly used in landslide and dangerous rock mass anchoring projects in the prevention and control of various geological ...

Fully hydraulic anchoring engineering drilling rig

The ZJ-50 anchor engineering drilling rig stands out as a fully hydraulic driven power head drilling rig. It serves a wide range of purposes and is particularly adept at handling projects that ...

YG-80 anchor drilling rig is a fully hydraulic driven power head drilling rig. It is a high-tech product certified by our company. It is suitable for the construction of large-tonnage prestressed anchor ...

Anchor drilling machine is a kind of engineering drilling rig which can be applied to the following conditions:

1. Reinforcement of slope of hydropower station/railway/highway; 2. Landslide and ...

ZJ-series full hydraulic anchor engineering drilling rig is fully hydraulic driven power head drilling rig, which is suitable for the construction of high-rise building deep foundation pit anchoring, ...

Contact Now High Stability Water Well Drilling Rig Hydraulic Anchor Crawler Drilling Machine Rig Fully Hydraulic Geological Diamond Core Drilling Machine Multiple Water Well Drill Rig High ...
