

Guangan down-the-hole drilling rig rental price

Why should you rent a drilling rig?

In the dynamic drilling industry, there is nothing more important than high-quality equipment rentals. Drill rig rentals not only provide flexibility but also ensure that drilling contractors are getting the latest and best equipment without the complexities of owning a rig.

Where can I rent a drill rig?

Currently, our available stock of drill rig rental equipment includes: Mobile Drill Intl, GTechDrill, VersaDrill Canada, Diedrich Drill, and more as well as various support equipment. Rig Source is experienced with shipping rental drill rig and rental crawler carrier units throughout the US and Canada, and has competitive weekly or monthly rates.

How much does it cost to rent a rig?

The cost to rent a rig varies by type and location. Onshore rigs cost between \$200,000 to \$310,000 per day. Offshore rigs can be \$600,000 to \$800,000 per day. Buying a rig means a big upfront cost but saves money in the long run for frequent use. It lets you customize the equipment and avoids rental fees.

How much does a drilling rig cost?

Looking at the total cost of a drilling operation means more than just the rig's price. Fuel costs for big rigs can add up quickly, as they run non-stop. For example, drilling a horizontal well can cost over \$4 million and take about three weeks. Another big expense is labor. The job needs skilled people, with 40-50 companies often involved.

How much does an offshore rig cost?

Offshore rigs are even pricier. They start at \$20 million for basic ones and can go up to \$1 billion for deepwater rigs. The cost depends on how deep the water is and the technology used. Special rigs for specific jobs have different prices. Their cost depends on what they can do and their features.

How much does oil & gas drilling cost?

Knowing these helps you plan your budget for oil and gas projects. Onshore drilling costs between \$200,000 and \$310,000 per day. This price covers basic rig work but doesn't include extra services. Labor costs are a big part of this expense. Offshore drilling is pricier, costing \$600,000 to \$800,000 daily.
