

Guinea screw air compressor installation phone number

How many Gea compressor service facilities are there?

17 global facilities with specially trained and experienced service specialists. More than 500 compressor overhauls performed annually. Compressor Service facilities comprise thousands of m² floorspace globally to serve our customers' needs. A specialized GEA workshop technician performs a screw compressor rebuild.

What is a Gea Compressor Service Center?

Compressors are built to perform not for one but for multiple lifetimes. A GEA compressor Service Center are specialized GEA repair workshops, to help you to get the most economic value out of your original investment. During a GEA compressor rebuild, GEA Service Centers return end-of-life compressors to like-new condition.

Does a Gea compressor rebuild include a warranty?

Every GEA compressor rebuild includes a like-new warranty on all GEA original replaced parts. This extensive process requires specially trained & experienced service technicians, specialized equipment, stringent quality control and access to the latest technical information only available through a GEA Compressor Service Center or GEA factory.

Installation Guide Notice: Air compressors should only be installed trained installation personnel call 800-531-9656 to find a local trained air compressor service technician.
