Where can I rent a drill rig?

Currently, our available stock of drill rig rental equipment includes: Mobile Drill Intl, GTechDrill, VersaDrill Canada, Diedrich Drill, and more as well as various support equipment. Rig Source is experienced with shipping rental drill rig and rental crawler carrier units throughout the US and Canada, and has competitive weekly or monthly rates.

Why should you rent a drilling rig?

In the dynamic drilling industry, there is nothing more important than high-quality equipment rentals. Drill rig rentals not only provide flexibility but also ensure that drilling contractors are getting the latest and best equipment without the complexities of owning a rig.

How much does a drilling rig cost?

Looking at the total cost of a drilling operation means more than just the rig's price. Fuel costs for big rigs can add up quickly, as they run non-stop. For example, drilling a horizontal well can cost over \$4 million and take about three weeks. Another big expense is labor. The job needs skilled people, with 40-50 companies often involved.

How much does it cost to rent a rig?

The cost to rent a rig varies by type and location. Onshore rigs cost between \$200,000 to \$310,000 per day. Offshore rigs can be \$600,000 to \$800,000 per day. Buying a rig means a big upfront cost but saves money in the long run for frequent use. It lets you customize the equipment and avoids rental fees.

Should you buy a used drilling rig?

The used drilling rig market is a cost-effective option for operators. Prices change based on age, condition, and demand. On average, machines stay listed for 180 days on used equipment websites. When looking at a used rig, buyers need to think about maintenance costs. These costs can be quite high.

Do you offer low overhead drill rigs?

We offer low overhead models for limited access drilling, Kelly bar extensions, and rubber pads or steel tracks on all drill rigs. We understand the importance of efficient and safe operations. Every piece of equipment undergoes meticulous maintenance to ensure optimal performance on your next drilling project.
