

Italian open-pit down-the-hole drill rig accessories

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the drilling hole to rotate and drill to the ore ...

Surface drill rigs Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating ...

The Rotary Blasthole Drilling Rig KG310/KG310H is designed for surface down-the-hole drilling in open-pit mining applications. Powered by off-road double cylinder YUCHAI engines, the ...

The KG430/KG430H down the hole (DTH) drill rig is engineered for high efficiency open pit mining and stone quarrying use. The track drill features tramming and ...

The KT9C integrated open-pit down-the-hole drilling rig is an advanced drilling equipment designed for blasting and pre-splitting holes in both open-pit mines and stoneworks, supplying ...

KT12 series Integrated Open-pit crawler type downhole drilling rig Application The KT12 integrated down the hole drill rig is driven by the Cummins china stage ...

Explore TechCom's range of Down-the-Hole (DTH) hammer drilling rigs from world-leading manufacturers Epiroc and Sandvik. Reliable, efficient drilling solutions designed for open-pit ...

Drilling Tools International offers a full line of surface and downhole accessories related to downhole drilling tools and Bottom Hole Assembly (BHA) components.

The concept and application of open-air top hammer The open-air hydraulic top hammer rock drill specifically refers to the open-air drilling equipment ...

Drilling and Blasting Drilling and blasting are all about putting the right amount of energy in the right place at the right time at minimum cost to achieve maximum control over ...

The KG9 down the hold drill rig is designed for open pit mines and quarries for drilling holes with a diameter of ?105-152mm in vertical, inclined, and horizontal orientation.

The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw compression system and hydraulic ...

Italian open-pit down-the-hole drill rig accessories

The integrated open-pit down-the-hole drilling vehicle is an advanced drilling equipment that integrates the down-the-hole drilling system and the screw air ...

TAIYE is a rotary drilling rig manufacturer of specially designed rotary blasthole drilling rigs for high-step large blasthole drilling in large quarries and open-pit mines. It has extremely high ...

The intelligent surface drill rigs from Sandvik will be used for production drilling in various large quarries or open pit mines, as well as construction work sites. Looking ahead, ...

The major part of understanding how a Rotary Drilling Rig works is getting familiar with the complex tools and accessories that make the operation possible. ...

The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw compression ...

MWYX-430 separated DTH drilling rig has an optional maximum rotation torque of 7000N.m and is suitable for pit foundation anchor rods, root canals, and large-diameter twist drill pipe ...

The KG410/KG410H down the hole drill rig is particularly suited for operation in open pit mines and stone quarries. It comes equipped with a Yuchai four-cylinder engine (China III) and ...

Down the Hole Drilling Tools - Since 1987, America West Drilling Supply company has earned a reputation as a world leader, producer, and supplier of ...

With a 97,000 lb (43,998 kg)* bit load capacity, the durable Pit Viper 271 XC is designed for adaptability - so it easily fits into any drilling operation. The new Pit Viper 271 XC is one of the ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the widest range of surface drilling ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

The KG420/KG420H drill rig is a hydraulic, diesel powered, self-propelled down the hole rig, designed for open use drilling operations. Equipped with a Yuchai four-cylinder engine, the drill ...

When it comes to drilling machines, opting for spare parts made in Italy ensures superior performance, durability, and reliability. Italian manufacturers adhere to stringent standards and ...
