Who is Shanghai screw compressor?

Shanghai Screw Compressor Co.,Ltd. is committed to the research and development,manufacturing,sales and service of air compressor. In the earlier stage,SCR take use of Germany technology to build compressor. In 2018,SCR become a joint venture company with Japan Anest Iwata,which introduce technology and quality management system from Japan.

How oil injected screw air compressor works?

The oil-injected screw air compressor has the characteristics of reliable running performance, few wearing parts, low vibration, low noise, and high efficiency. During the compression process, the compressor continuously sprays lubricating oil into the compression chamber and bearings by virtue of its own pressure difference.

How much power does a screw air compressor have?

Nascent Machinery Company is manufacturing the screw air compressor models with power ranging from 10 hp to 500 hp(7.5 kw to 400 kw). These direct driven compressors have standard full load pressure rating from 110 psi,125 psi,150 psi and 175 psi,220 psi (0.8Mpa,1.0Mpa,1.3Mpa,and 1.6Mpa). Thank you for choosing our Screw Compressor.

Why should you lubricate a screw compressor?

Environmental protection: Lubricating oil can reduce the noise caused by high-frequency compression. The oil-injected screw compressor used by our company is a double-shaft positive displacement rotary compressor. The air inlet opens at the upper end of the casing,and the exhaust outlet opens at the lower part.

How to start a screw compressor?

Standard screw compressor is equipped with microprocessor control panel. When compressor is at stop status,press this buttonto start the compressor. the compressor and activate block mode function at the same time. -- Stop Button: When the compressor is at running status,press this button to stop the compressor.

Why should you choose SCR smart air compressor?

The reason for choosing the Scr Smart Air Compression Station is scrcompressor Silent piston air compressors have been used for a long time, with old age, frequent malfunctions, and low energy efficiency. The reason for choosing the Scr Smart Air Compression Station is scrcompressor

In the world of industrial operations, compressed air is a vital resource that powers machinery, tools, and various production processes. Whether it's for automation systems, food ...
