

Jintang screw air compressor brand

How to choose an air compressor manufacturer?

An air compressor is a device used to compress gases. It shares a similar construction with water pumps. Most air compressors are of the reciprocating piston type, rotary vane, or rotary screw variety. When selecting an air compressor manufacturer, the brand's market position and product diversity should be the primary considerations.

Who are the top global air compressor manufacturers?

During my research, I came across several top global air compressor manufacturers that are worth mentioning. These companies have a strong global presence and offer a wide range of products to cater to various industries' needs. One of the leading air compressor manufacturers is Atlas Copco, a Swedish company founded in 1873.

Who makes screw air compressors?

As one of the largest professional manufacturers of screw air compressors, they are experts in the research, development, production, and sales of air compressors and related products. In 2017, they became part of the Hitachi Group of Japan, further solidifying their position in the industry. 1. Atlas Copco Country: Sweden Founded: 1873

Who can influence the air compressor market in China and the world?

They are the leaders that can influence the air compressor market in China and the world, no matter whether they develop from the brand or the enterprise itself. 1. Kaeser (Germany), KAESER KOMPRESSOREN is a family business and one of the world's leading manufacturers and suppliers of compressed air products and services.

What is Atlas Copco's compressor technology?

Atlas Copco's compressor technology provides a range of solutions to meet various air and gas needs, including oil injection air compressors, oil-free air compressors, oil-free blowers, cold dryers, suction dryers, air filters, oxygen and ammonia production machines, medical compressed air systems, and high-quality spare parts and services.
