

# Kaishan GH3 open-pit down-the-hole drill rig

What is a KG430 / KG430H drill rig?

The KG430/KG430H is a down the hole (DTH) drill rig designed for high efficiency in open pit mining and stone quarrying use. It features tramming and drilling controls easily accessed over the left hand track.

Which Kaishan drill rig is best for open use?

The KG430H down the hole drill rig from Kaishan, equipped with a dust collector, is best for open use, making the equipment more environmentally-friendly and reliable.

Who is Kaishan group?

Maybe you can find the answer in KAISHAN Group. We are the biggest air compressor and drilling equipment manufacturer in China. Our products include borehole drilling rig, water well drilling rig, industrial piston air compressor, and construction tools and parts.

What are the products of Kaishan group?

Our products include borehole drilling rig, water well drilling rig, industrial piston air compressor, and construction tools and parts. With more than 60 years of experience, KAISHAN Group can produce 18 categories of construction equipment, common machinery, and pneumatic tool. In total, more than 1000 kinds of products are available.

Who is Zhejiang Kaishan heavy industry?

Zhejiang Kaishan Heavy Industry, part of Kaishan Group, manufactures advanced drilling equipment for mining, military, and construction. We offer safe, efficient, and customized solutions, with products in over 60 countries.

What is a kJ Jumbo rig used for?

It is outfitted with a standard drill rod with a diameter of 45/38 millimeters. Underground Drilling Rig The KJ Series hydraulic tunneling jumbos are used for large scale mining preparations and tunneling. The equipment is qualified for the drilling of tunnels with sections in the range of 7-95 square meters.

KT7C Integrated Down the hole Drill Rig for Open Pit Mines and Quarries The KT7C high air-pressure down the hole drill rig for open use is an advanced ...

Kaishan KT25 blast hole drill rig offers widest drilling range, backed by expertise & decades of experience. Top performance, every time. Contact us now.

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

## **Kaishan GH3 open-pit down-the-hole drill rig**

The open-pit down-the-hole drill rig integrates a down-the-hole drilling system and a screw-type air compression system into a single unit. It is capable of drilling vertical, inclined, and ...

The KG430/KG430H down the hole (DTH) drill rig is engineered for high efficiency open pit mining and stone quarrying use. The track drill features tramming and ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

kaishan dth drilling rigs are designed for high-capacity rock drilling in quarries, opencast mines & rock excavation. Call us for a FREE quote now!

The KT9C integrated open-pit down-the-hole drilling rig is an advanced drilling equipment designed for blasting and pre-splitting holes in both open-pit mines and stoneworks, supplying ...

Zhejiang Kaishan Heavy Industry, part of Kaishan Group, manufactures advanced drilling equipment for mining, military, and construction. We offer safe, efficient, and customized ...

If you are searching for high end drilling rig and air compressor, we promise that it is well worth checking our company. Headquartered in Zhengzhou City, ...

High Performance KG430 Crawler Blasting Drill Machine Rock Drilling Rig for Mining Kaishan KG430 25m blasting ground hole Quarry Rock DTH Mining ...

The ZT5 integrated mine drill rig for open use is an advanced piece of drilling equipment developed by Kaishan. The drilling rig is designed to meet the needs of large open-pit mines ...

KT7C Integrated Down the hole Drill Rig for Open Pit Mines and Quarries The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down ...

The ZT5 integrated open-air DTH drilling rig is an advanced equipment featuring an automatic rod-changing system and ergonomic cab. It integrates a DTH drilling system with a screw air ...

The KT7D integrated open-pit DTH drilling rig combines a DTH drilling system with a screw air compression system. Capable of drilling vertical, inclined, and horizontal holes, it is designed ...

The KG410 down-the-hole drill rig for open-pit operations is an enhanced model compliant with national diesel emission regulations. Equipped with a Yuchai 4-cylinder China III engine, it ...

## Kaishan GH3 open-pit down-the-hole drill rig

Our products include borehole drilling rig, water well drilling rig, industrial piston air compressor, and construction tools and parts. With more than 60 years of ...

The KT20 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

KT10 integrated down the hole drill rigThe KT10 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive ...

KAISHAN High performance KT12 Kaishan DTH Diesel Crawler Down the Hole Blasting Mining Drill Rig for mine blasting hole KT12 integrated DTH drilling rig ...

The KG520/KG520H down the hole drill rig for open use is an improved device in compliance with national regulations on diesel-engine emissions.

The KGH5AIII Open-pit DTH Drill Rig is an upgraded equipment developed in response to the national requirements for environmental protection. It is equipped with a Yuchai non-road four ...

Crawler Blasting Rig ZT5 Mining Blast Hole Down The Hole Drilling Rigs With Built-in Compressor ZT5 integrated open-air DTH drilling rig is an advanced ...

Discover our product line including face drill rigs, hydraulic rock bolting rigs, in-the-hole longhole drilling rigs, hydraulic scaling rigs, hydraulic longhole drilling ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

KT25 open-pit down-the-hole drilling rig is a new type of drilling equipment carefully designed for the needs of large open-pit mines on the basis of years ...

The KG520/KG520H down the hole drill rig is designed for large and medium-sized quarries and contractors. The drill rig features a folding frame track and ...

The KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine,stonework blast ...

KT7D integrates down-the-hole drilling system and screw air compressor system. It is a state-of-the-art drilling equipment capable of drilling vertical, inclined and ...

The ZT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes,

## **Kaishan GH3 open-pit down-the-hole drill rig**

mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

The ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet the needs of large open-pit mines.

The KT15 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes. It is driven ...
