

Longgong down-the-hole drill rig

DL long-hole drilling rigs are a kind of mining hydraulic drilling rig in underground mines project. Our production drill rig is mainly used for drilling blast holes of ...

Intelligent longhole drilling with the Sandvik DL432i rig - a cutting-edge drill delivering precision and advanced technology for underground mining.

Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and ...

DTH drilling rig, short for Down-The-Hole drilling rig, is a cornerstone of modern drilling technology. Renowned for its efficiency, precision, and versatility, this equipment has ...

A down-the-hole drill, usually called DTH Drilling Rig, is basically a mini jackhammer screwed on the bottom of a drill string. The speedy hammer ...

Down-the-Hole (DTH) drilling is a technique used to create deep, precise holes in hard rock and challenging ground conditions. In this method, ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

Down the hole drilling rig is to make the impactor dive into the hole in the process of rock drilling to reduce the energy loss caused by the transmission of the ...

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include augering and down-the-hole rigs. Typically these are mounted onto ...

The KT7C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, it is capable of drilling ...

A "down the hole" (DTH) drill is f drilling equipment used in mining, construction, and exploration activities.

Longgong down-the-hole drill rig

It is specifically designed for drilling large-diameter holes in hard rock formations.

Long-Hole Drills For underground production drilling Mine Master offers a range of long hole drilling rigs in configurations suitable for the required work in mines. To adapt to specific ...

Siton DL2 production underground drill rig with boom-mounted drill unit is designed for work in underground mining drifts with cross sections of 3x3-4.5x4.3m. Capable drilling vertical and ...

1.Dimension of Long hole drilling rig: Ensure the rig can maneuver easily in the mine drifts. For smaller mines, compact rigs are ideal for narrow ...

The mini rock drilling machine is a small down-the-hole drilling machine, which can drill to a depth of 20~100m. It is small in size and easy to move and is ...

Home Quality Drilling Rigs We pride ourselves on producing top-of-the-line drilling rigs that are built to last. Extensive Selection of Accessories We offer a wide range of accessories to ...

The Art of Long Hole Drilling Production holes and utility holes have something in common. They are both long holes - and the longer the hole, the greater the risk of deviation. Today, long ...

The reason customer want to drill the hole is that drill and blast is the most efficient and economic way to break rock instead of excavating it. ...

A portable DTH boring machine is professional drilling equipment. YG can provide you with great, efficient, and durable down-the-hole drills.

A down-the-hole drill, usually called DTH by most professionals, is basically a jackhammer screwed on the bottom of a drill string. The fast hammer action breaks hard rock into small ...

Down-the-Hole refers to where the hammer action occurs when compared to drifter hammers, which hammer on top of the drill string. The DTH hammer piston always makes direct contact ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH ...

Discover Mine Master's production rigs, engineered for efficient long hole drilling in underground mining. Explore the Production Master series for adaptable, high-precision ...
