

Manual rock drill operation specifications

The aim of the instructions is to provide you with knowledge of how to use the rock drill in an efficient, safe way. The instructions also give you advice and tell you how to perform regular ...

The Rock Drill Oil used in the air line lubricator should be suitably compounded to provide the specified steam emulsion, consistency and load-carrying ability.

2 General 2.1 Foreword This instruction manual is part of the complete delivery of the drill rig. It provides information on the design and operation of the drill rig and contains advice and the ...

This instruction manual should be read in advance by all persons who are to operate or repair the drill rig or carry out maintenance on it. See separate instructions for documentation on the rock ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

TECHNICAL SPECIFICATION Sandvik HLX5 hydraulic rock drill is designed for face, bolt and long hole drilling. Sandvik HLX 5 is standard rock drill for example in Sandvik hydraulic ...

the environment and drilling system. Optimum bit performance demands a complete understanding of the drilling en ger context of the drilling process. Engineers examine the ...

The modern, powerful hydraulic rock drill and the smooth drilling controls system allow high drilling performance with good drill steel economy and high machine reliability. The operating ...

DP1100 is equipped with HL 1010, hydraulic top hammer rock drill. With high rotation torque, proper flushing and sophisticated, ergonomic Rock Pilot control system the rig adapts itself ...

This instruction manual is part of the complete delivery of the drill rig. It provides informa-tion on the design and operation of the drill rig and contains advice and the measures ne-cessary to ...

The hydraulic controlled drilling system with added automatic functions and different optional instrumentation levels enable productive and high quality excavation. The HFX5T high ...

The rock drill and articulated boom are mounted on the turnable superstructure giving a drilling coverage of 17,6 m2 (optionally 26,4 m2). The powerpack of DX800 consists of a Caterpillar ...

1.1 INTRODUCTION Your Reimann & Georger Corporation Rock Drill has been engineered to provide

Manual rock drill operation specifications

breaking performance, long term economics and safety advantages that no other type ...

The use of the rock drill with its unique double dampening system improves productivity and drilling economy. Hydraulic cylinder feed system with a rigid aluminium feed beam with precise ...

Prior to Operation We thank you for choosing a HYCON rock drill. To ensure smooth operation and long-lasting performance of your new tool, we re-recommend you to study this operating ...

TECHNICAL SPECIFICATION Sandvik DD421 is a two boom electro-hydraulic jumbo for fast and accurate drilling in drifting and tunneling of 8 - 60 m² cross sections.

TECHNICAL SPECIFICATION Sandvik DT821 is a two-boom electro hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavation. The hydraulic controlled drilling system ...

Manuals and User Guides for Ingersoll-Rand YT28 Pneumatic Rock Drill. We have 1 Ingersoll-Rand YT28 Pneumatic Rock Drill manual available for free ...

TECHNICAL SPECIFICATION Pantera DP1500i is intelligent, self-propelled, self-contained, crawler based surface drilling rig equipped with a cabin and a rod changer.

TECHNICAL SPECIFICATION Sandvik DT1331i is a computer-controlled three boom electro-hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavations. Drill rig has ...

This manual contains safety information, operation instructions, storage information, lubrication information and maintenance information in accordance with the hammer design at the time it ...

Operation Manual 4 ?For the User of JunJin Large hydraulic Crawler Drill (JD-1400E) ? JD-1400E that you have purchased is a large hydraulic crawler drill in which Jun Jin CSM's rich ...

The rock drill and articulated boom are mounted on the turnable superstructure giving a drill-ing coverage of 17,6 m² (optionally 26,4 m²). The powerpack of DX700 consists of a Caterpillar ...

TECHNICAL SPECIFICATION Sandvik HL710 hydraulic rock drill is designed for long hole drilling of 64 - 115 mm diameter holes. It is used in Sandvik underground production and surface drill ...

MAIN CHARACTERISTICS The HL1560T is a heavy hydraulic percussive rock drill with independent rotation and separate flushing which ensures high reliability. It is equipped with ...

The document provides operating instructions for Rock Drills models SRD 20, 30, 40, 50, 60 and 75. It outlines proper air pressure and compressor use, ...

Manual rock drill operation specifications

The hand hold rock drill is used for rock drilling, blasting holes and other drilling works in the quarries, small coal mines and other constructions. It's suitable ...

In better shape than ever Since the first D-series rig was delivered in late 1999, its popularity has been impressive, and well above 1000 rigs have been delivered to satisfied customers all ...
