Are rotary screw air compressors oil-free?

We're proud to offer an oil-free range of screw air compressors to our NZ customers as well. Our rotary screw air compressors range from 4kW to 200kW. If you are looking for screw compressors, Ash Air's range of Chicago Pneumatic, ALUP, and wisAIR has your compressed air solutions.

What types of air treatment solutions are available in NZ?

Enhance air quality with our range of air treatment solutions, including line filters, refrigerant and adsorption dryers, oil-water separators, condensate drains, and air receivers. With energy efficiency and a compact footprint, our air compressors are perfect for a wide range of NZ applications.

What is a variable speed screw compressor?

Variable speed screw compressors allow you to save up to 35% of power energy, compared to fixed speed ones. While traditional compressors work at one speed (at 100%), variable speed screw compressors regulate the motor's speed to adjust to the production's fluctuating air requirements.

Are screw compressors a good choice for your business?

Screw compressors are a reliable choice for businesses that need a steady, uninterrupted flow of compressed air. Thanks to their rotary screw technology, these machines operate efficiently and with low vibration--even during long hours of use.
