

New rack down-the-hole drill rig

The ATD100 Air Track Drill Is A Self-Propelled Pneumatic Crawler Drill That Can Be Used For Both DTH, Drifter + Seismic Drilling. Easy To Operate + Maintain.

The KG726III/KG726HIII down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai engine, the ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

Leopard(TM) DI650i is an intelligent diesel-powered, self-contained, crawler-mounted down-the-hole drill rig built for demanding high-capacity production drilling applications in surface mining and ...

CENTER ROCK products boast a formidable range of down-the-hole (DTH) hammers, presenting a suite of drills and downhole bits spanning 3.5"- 48" ...

The KT25 integrated down the hole drill rig for open use can drilling vertical,inclined and horizontal holes,mainly used for open-pit mine,stonework ...

YG150 down the hole drilling machine, large aperture, deep drilling, convenient movement and high efficiency. Click to get free quote now.

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn how these specialized tools enable ...

The rig, offers 80,000 pounds of pullback, 12,000 ft-lbs of torque, a 225 hp engine, and a 200 gpm onboard pump for increased backreaming ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

It features a limestone, aggregate quarries and unique VL 140 pneumatic rock drill. surface mining applications. This rig is a rugged, versatile machine which can take on tough tasks in rough ...

The "Down-the-Hole" or DTH hammer is used for drilling holes through a wide range of rock types, the variety of which continues to extend well beyond the original conception of early blast hole ...

A "down the hole" (DTH) drill is drilling equipment used in mining, construction, and exploration activities.

New rack down-the-hole drill rig

It is specifically designed for drilling large-diameter ...

The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Isn't it time you gave your operation the chance to profit from the added intelligence of the ...

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built structures, a high horsepower engine and large ...

We design and manufacture exploration drilling rigs for clients in New Zealand and around the world. Our high-level design, 3D modelling, simulation, fabrication, machining, and ...

Down-the-hole D460A drill rig: handles 115-152mm holes up to 35m deep, with a Cummins engine, heavy-duty boom, and hydraulic feed. Includes a 2000 ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

Down-the-Hole Crawler Drill PREMIUM DOWN THE HOLE (DTH) HYDRAULIC CRAWLER DRILL FOR SURFACE DRILLING IN QUARRIES AND MINES US EPA Tier 4final/EU Stage ...

There are 30 Drill Rig for sale in Australia from which to choose. Overall 43% of Drill Rig buyers enquire on only used listings, 52% on new and 10.78% on ...

Explore TechCom's range of Down-the-Hole (DTH) hammer drilling rigs from world-leading manufacturers Epiroc and Sandvik. Reliable, efficient drilling solutions designed for open-pit ...

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are road cutting, pipeline ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and construction industries. Features include a self ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

Our Machine Programme All our drilling rigs are available with a wide variety of methods including for geothermal energy, water well, down-the-hole surface ...

New rack down-the-hole drill rig

The reason customer want to drill the hole is that drill and blast is the most efficient and economic way to break rock instead of excavating it. ...

Mobile rig. Most of the drilling contractors are so much used to the idea that a heavy duty rig from 150 to 500 tons hook load is a cable drilling rig which consumes several MW of power and ...

CME track drills 45C/300, 55/300, 55LC/300, 55LCX/300, 850X, 850XR are efficient auger, core, rotary rigs for geotechnical, environmental, mineral ...

Terranox - DTH hammers for geotechnical applications DTH drilling is gaining increased interest in geotechnical applications all around the world. With advantages such as improved hole ...

Drilling Supply blast-hole drilling rigs are designed to suit all your drilling needs ranging from civil and construction Blast Hole Drill Rig works to heavy-duty ...

Intelligent, automated and future-proof The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Give your operation the chance to profit from the ...
