

Sandvik 680 down-the-hole drill rig

TECHNICAL SPECIFICATION Ranger DX800 is a hydraulic, self-propelled, crawler based surface drilling rig equipped with a cabin (F.O.P.S. and R.O.P.S.) and rod handling system.

An interesting combination of technologies and systems from different drill rigs resulted in Leopard[®] DI650i, a Down-The-Hole drill rig that has opened a new market for ...

DR412i blasthole drill is designed to deliver dependable penetration and greater return on investment for rotary and DTH holes. From onboard automation that ...

SANDVIK D55SP The D55SP comes with low-pressure air for rotary drilling or high-pressure air for down-the-hole (DTH) drilling. The drill excels in single pass drilling, where productivity ...

Drilling Supply Store offers a variety of Down the Hole (DTH) drill hammer bits that are manufactured using high quality materials to provide you with a fine balance between ...

On the back of its global debut at the 2018 edition of Electra Mining Africa, the Sandvik Leopard(TM) DI650i down-the-hole (DTH) drill rig has earned ...

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

Ranger(TM)DX600 is a hydraulic, self-propelled and crawler-based surface rig with an ergonomic cabin and rod handling system. Typical applications include ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH ...

Sandvik DR416i blasthole drill rig delivers a single-pass capacity of 21 meters (69 ft), the longest in its class along with a maximum depth of 42.4 meters (139ft) across all recommended pipe ...

Sandvik DL421 is a versatile longhole drill rig engineered for large-scale production drilling in underground mines. It is designed for vertical and ...

Ranger(TM)DX600 is a hydraulic, self-propelled and crawler-based surface rig with an ergonomic cabin and

Sandvik 680 down-the-hole drill rig

rod handling system. Typical applications include road cutting, pipeline drilling, ...

Sandvik Mining and Rock Solutions is evolving its Leopard(TM) DI650i down-the-hole (DTH) drill rig to support fully autonomous operation. The new iDrill automation platform ...

- Know the maximum operating dimensions of your drill rig when the hammer is installed. - Ensure that there is adequate clearance between the drill rig and any stationary objects when ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

Sandvik D45KS drills holes down to a maximum depth of 63 meters (206.69 ft) and is designed for coal, gold and iron ore mining. It prioritizes easy ...

A Down-The-Hole drill rig that opened a new market for Sandvik was awarded the "Wilhelm Haglund Medal to the Product Developer of the Year" in connection with the 2024 ...

Top hammer drilling tools Sandvik's complete range of Top Hammer drilling tools is designed to transmit intensive impact power into the rock, while at the same time reducing loss of energy.

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

Sandvik Mining and Rock Solutions has launched the Sandvik D50KX, the latest addition to its x-series rotary blasthole drill range. Designed for mid-class rotary and down-the-hole (DTH) ...

Sandvik Rental Services offers a wide range of Surface drill rigs, such as top hammer and down-the-hole drill rigs. Sandvik intelligent surface drill rigs bring the latest technology to surface ...

Sandvik is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your operation with the premium brand of rock tools, our range of added ...

The DE880 is the most powerful drill rig within the Sandvik range of exploration drill rigs. It has the greatest depth capacity when core drilling due to its large main winch and wireline winch.

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...
