

Sandvik Lingong down-the-hole drill rig

An interesting combination of technologies and systems from different drill rigs resulted in Leopard's DI650i, a Down-The-Hole drill rig that ...

DR412i blasthole drill is designed to deliver dependable penetration and greater return on investment for rotary and DTH holes. From onboard automation that ...

Down-the-hole drilling pipes are engineered with cold-drawn seamless tubing material N80 to ensure straightness, thickness and high strength for a smoother drilling process and longer ...

Back in 2014, Sandvik began developing the Leopard DI650i surface drill rig to meet industry demand for a more flexible option. The DI650i is a down-the ...

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH blasthole drilling in mining, quarry and ...

The SDC170 fully hydraulic surface down-the-hole drill rig can meet the needs of large hole diameter in surface mines and quarries. It is safe, environmentally ...

Sandvik DU211-T is a compact track-mounted in-the-hole (ITH) drill rig with a minimum width of 1.2 meters. Designed to carry ITH hammers powered with ...

Sandvik Rental Services offers a wide range of Surface drill rigs, such as top hammer and down-the-hole drill rigs. Sandvik intelligent surface drill rigs bring the latest technology to surface ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

The drill bits are fitted with Sandvik's proprietary cemented carbide buttons, which are designed to drill further in any rock condition. The bodies are made from ...

SIMPLY BY CHANGING THE HAMMER In open-pit mines around the world, large down-the-hole drill

Sandvik Lingong down-the-hole drill rig

rigs are working nonstop 24/7. In this context, the new Tundo™ RH650 DTH hammer ...

Sandvik D45KS drills holes down to a maximum depth of 63 meters (206.69 ft) and is designed for coal, gold and iron ore mining. It prioritizes easy ...

The SDC170 is a fully hydraulic, down-the-hole (DTH) drilling rig for open-pit applications, with a total weight of 25,437 kg. It is designed for drilling hole diameters ranging from 138 to 178 mm ...

We engineer an extensive range of underground drill rigs for mining development and production. Available in a variety of feed lengths, boom configurations and size classes, our underground ...

Sandvik is a world-leader in the supply of mining and rock excavation tools and equipment. In addition to supplying your operation with the premium brand of rock tools, our range of added ...

SANDVIK D55SP The D55SP comes with low-pressure air for rotary drilling or high-pressure air for down-the-hole (DTH) drilling. The drill excels in single pass drilling, where productivity ...

Our intelligent surface drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our surface drill rigs combine power ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

Our Sandvik DR580 is a diesel-powered, high-pressure down-the-hole (DTH) drill rig that delivers the highest air pressures and air flow rates compared with any ...

Leopard(TM) DI650i is an intelligent diesel-powered, self-contained, crawler-mounted down-the-hole drill rig built for demanding high-capacity production drilling applications in surface mining and ...

Businesses - large and medium-sized quarries and contractors in particular - constantly need to improve the productivity of their operations. This means that it is of the greatest importance ...

The SDC170 is a fully hydraulic DTH drilling rig, weighing 25,437 kg, designed for large-diameter drilling in open-pit mining and quarries. It features a powerful Sandvik HTRH6 ...

Sandvik DU431 is a fully mechanized in-the-hole (ITH) longhole drill fitted with an onboard booster and designed for underground mining in 3.2 x 3.2 or larger production drifts. This compact rig ...

Sandvik Lingong down-the-hole drill rig

Founded in 2016, Jinan Lingong Mining & Rock Technology Co., Ltd. (LGMRT) is a joint venture between Sandvik Group and Lingong Machinery Group (LGMG), with the registered capital of ...

- Know the maximum operating dimensions of your drill rig when the hammer is installed. - Ensure that there is adequate clearance between the drill rig and any stationary objects when ...
