

Shanhe Intelligent Cutting Down-the-Hole Drilling Rig

Their advanced down-the-hole drilling tools are engineered with cutting-edge technology to ensure superior penetration rates and extended tool life, ...

The cutting rig is a new type of drilling equipment invented by the high-speed rotary cutting drilling method based on the drilling method of breaking the traditional hard rock impact rock drilling. ...

Product description The new generation of integrated down-the-hole drilling rig is specially designed for high productivity, and created for green and intelligent drilling and blasting. The ...

The SWDM220 and SWDM300H rotary drilling rigs have continued the consistent characteristics of Shanhe Intelligent Rotary Drilling Rigs. They are applicable ...

Recently, Andre, General Manager of a Mining Area, and His Delegation Visited Sunward Intelligence for Investigation and Exchange? At the exchange meeting, Shu Minfei, ...

The application of artificial intelligence (AI) has become inevitable in the petroleum industry. In drilling and completion engineering, AI is regarded as a transformative technology ...

The multi-functional rotary drilling rig with high technical level, rapid construction and wide application range represented by cast-in-place pile has strong vitality. Shanhe ...

In 2003, China's first integrated down-the-hole drilling rig with independent intellectual property rights was successfully launched in Shanhe Intelligent. With high technical standards, the ...

Multi-functional expansion of high-value embodiment Shanhe intelligent rotary drilling rig has a variety of configurations for you to choose from, to achieve-machine multi-function, diversified ...

Modular design, compact structure, reasonable layout and convenient maintenance. Optional configuration Accurate angle detection to meet the ...

Shanhe Intelligent stated on the interactive platform that there was an ultra-deep vibrating drilling rig at the project opening ceremony site that was developed by the company.

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water conservancy, and stonework, as ...

Shanhe Intelligent Cutting Down-the-Hole Drilling Rig

Unique high-drill structure, reduce the auxiliary time of the connecting rod; configure two working modes of down-hole and cutting, adopt the down-hole mode under hard rock ...

The SWDH89A open-air hydraulic drilling rig involved in PK was independently developed by Shanhe Intelligent Rock Drilling Equipment Research Institute. After several ...

Down The Hole Hammer Drill Rigs for Mining, the ZEGA D470A's diesel-powered, down-the-hole (DTH) drill has excellent mobility, a smaller footprint and the ability to serve multiple sites. It is ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH ...

In this PK process, Shanhe intelligent SWDH89A open-pit hydraulic drilling rig wins strongly (work efficiency, fuel consumption, environmental protection index, failure rate, ...

Discover the benefits of large-diameter DTH hammer drilling technology. Achieve efficient, precise, and sustainable deep hole drilling for ...

This document provides contact information for two Sunward companies: Sunward Intelligent Equipment Co., Ltd. in Changsha, China and Sunward Europe Heavy Industry NV in Beringen, ...

In 2001, He Qinghua, the chairman of Shanhe Intelligent, personally took the lead and set up a rotary drilling rig project team to focus on the core technology of rotary drilling rigs.

This batch of integrated down-the-hole drilling rigs includes two models, SWDE138A and SWDB200A, which integrate rock adaptive control, ...

At the exchange meeting, Shu Minfei, general manager of Shanhe Mine, issued a construction record certificate of drilling 42888 meters per month to Andre and the rig operator. ...

The rig is equipped with both down-the-hole and cone drilling modes., Make the construction operation more convenient.; Double-motor two-stage reduction is adopted., Adapt to a wide ...

Leopard(TM) DI650i is an intelligent diesel-powered, self-contained, crawler-mounted down-the-hole drill rig built for demanding high-capacity production drilling applications in surface mining and ...

In 2002, Shanhe Intelligence became the only host manufacturer in China that had independent intellectual property rights and was able to independently develop rotary rig control software. ...

Shanhe Intelligent has a deep technical foundation in the field of modern rock drilling equipment. Shanhe

Shanhe Intelligent Cutting Down-the-Hole Drilling Rig

intelligent integrated hydraulic submersible drilling rig is a new product that is ...

1) Safety protection measures Shanhe intelligent rotary drilling rig fully consider the safety guarantee, in the construction process rest assured. The cab adopts a special-shaped frame ...

More than 40 meters to 50 meters are caves, and 50 meters are more wide in diameter than 6 meters. The casing must be down to 50 meters to ensure the quality and cost ...
