

Shengli Oilfield Engineering Drilling Rig Status

Why is Shengli Oilfield focusing on offshore heavy oil blocks?

In order to accelerate the increase of reserves and production, Shengli Oilfield has turned its attention to the offshore heavy oil blocks, innovated and integrated heavy oil cold production technology and integrated efficient production new models, so that the offshore heavy oil blocks have achieved new breakthroughs in efficient development.

How much oil is produced in Shengli Oilfield?

The three newly put into production heavy oil wells of Chengbei 208 well group in Shengli Oilfield have stabilized their daily oil production at 150 tons, setting a new daily production record for Shengli offshore heavy oil wells in the past 20 years. Shengli offshore oilfield has been put into development and construction for 30 years.

What is Shengli offshore oilfield?

Shengli offshore oilfield has been put into development and construction for 30 years. It adopts the "production platform + onshore terminal" semi-sea and semi-land construction and development model, and has built the largest shallow-water oilfield in China.

What is happening in Sinopec Shengli Oilfield?

The drilling and well repairing projects in the offshore oil field of Sinopec Shengli Oilfield are accelerating the construction progress and are working at full capacity.

Where is Shengli Oilfield located?

No. 25 Qilianshan Road, Shengli Industrial Park, Dongying City, Shandong Province 257000 China. © Copyright 2025 Shengli Oilfield River Petro All right reserved.

How many wells were drilled in Jiyang shale oil field?

In the National Demonstration Area of Shale Oil in Jiyang, Shengli Oilfield, we completed drilling of 55 wells, with an average well depth of 5,797.6 meters, a mechanical drilling speed of 12.93 meters/hour, and a drilling cycle of 67.67 days, significantly raising the quality and efficiency of our operation.

Huitong Petroleum Engineering A modern high-tech petroleum equipment enterprise integrating scientific research, manufacturing, sales and service Oil and Gas Equipment Oil Service ...

Shengli Oilfield Huitong Petroleum Engineering Co., Ltd in Dongying City is an independent and diversified petroleum equipment company supported by strong technical force. We are among ...

Shengli Oilfield Engineering Drilling Rig Status

Dongying District, Dongying City, Shandong Province Tel: +86-546-8781110 Fax: +86-546 ...

The leading global oil, gas and energy news resource. Covering the latest oil and gas news including shale, lng, drilling, exploration and production.

Upgrading in the key petroleum engineering equipment expedited. We invested 3.47 billion yuan, improved and renovated 21 drilling rigs with 10 for wells deeper than 7,000 meters and 11 for ...

Manufacturer of petroleum equipments which includes drilling equipment, production equipment, OCTG pipes, conveying facilities, chemicals and oilfield services.

The company integrates scientific research, manufacturing, sales and service of drilling rigs, offshore oil drilling equipment, land oil drilling equipment, petroleum machinery, petroleum ...

Sinopec Shengli Petroleum Engineering, formerly known as Shengli Oilfield Investigation & Design Institute, was founded in 1972 with focus on rig design ...

The Sinopec Group, the country's largest oil refiner, has announced that its Shengli Oilfield, driven by technology breakthroughs, has set a new record for single-well daily shale ...

The SGC-3K hydrogen flame chromatograph is a fully automatic fast gas chromatograph developed and produced by us. It integrates intelligence, high stability and rapid analysis. It ...

On the other hand, our company is belongs to Shengli oil field, we can dealing with other equipment with our partner, drilling rig, mud pump and spare parts, pumping unit and spare ...

The company is mainly engaged in the research and development and production of mud solids control systems, which are used in oil drilling rigs, workover rigs, natural gas drilling rigs, etc. ...

Learn more about Sinopec Petroleum Engineering Corporation (formerly Shengli Engineering Construction Group Co. Ltd)'s jobs, projects, latest news, contact information and geographical ...

Workover Rig-Shengli Oilfield Huitong Petroleum Engineering Co.,Ltd-Special heavy-duty axles and tires are for various conditions. Single section, two or three sections mast is available and ...

The RFID drill pipe tracking system deployed by Sinopec at its Shengli oilfield is thought to be the first of its kind in the world. Chinese petroleum and chemical ...

The Shengli Oilfield, under China Petrochemical Corporation (Sinopec Group), the country's largest oil refiner, achieved this breakthrough by using an intelligent drilling fluid ...

Shengli Oilfield Engineering Drilling Rig Status

The instrument integrates many advanced technologies such as the pioneering explosion-proof CAN bus technology, fast chromatography technology, measurement while drilling technology, ...

The company's business covers six major series, including oil production equipment, drilling equipment, tubular goods, service vehicles, mechanical processing, and oilfield services, with ...

News November 30, 2023 Sinopec Shengli Petroleum Engineering Co., Ltd recently unveiled its latest acquisition - a state-of-the-art offshore drilling rig, ...

Shengli Huitong Logging has undertaken the logging tasks of regional exploration wells, appraisal wells and production wells in Changqing Oilfield, Yanchang Oilfield, Tarim Oilfield and other ...

The synthetic drilling fluid technology was applied in 72 wells in the Shale Oil National Demonstration Area, Shengli Oilfield, further securing its stability and adaptability.

Contact Us Shengli Oilfield Huitong Petroleum Engineering Co., Ltd. Add:No. 466, Weifang Road, Dongying District, Dongying City, Shandong Province Tel:+86-546-8781110 Fax:+86-546 ...

The Shengli oilfield employs automated drilling equipment that enhances extraction efficiency. Innovations in horizontal well optimisation, fast drilling technology and dense cutting ...

To lead in providing integrated equipment and system solutions for oilfield services by delivering high-quality products that support drilling and production in the Kingdom and beyond, in line ...

Casing radial drilling technology independently developed by Sinopec Shengli Drilling Technology Research Institute has reached international advanced level in this ...

A modern high-tech petroleum equipment enterprise integrating scientific research, manufacturing, sales and service Oil and Gas Equipment Oil Service Offshore Petroleum ...

Discover a stunning land drilling rig in Shengli Oil, CHN. Explore the fascinating world of drilling and witness the power of this remarkable machinery. Perfect ...
