

South Korea Central Africa DTH Hammer Drill Rig for Sale

What is a DTH drilling rig?

This DTH unit has a unique rock drilling capability and is very popular in South Africa. This down-the-hole(DTH) drilling rig is designed for percussion drilling in hard rock. This drilling rig is fitted without a compressor on-board the same carrier. It requires a separate compressor to drive the hammer and bit combination.

What is an Elgi DTH rig?

An on-board ELGI compressor is also fitted onto this same truck carrier to make it an all in one DTH system. This DTH unit has a unique rock drilling capability and is very popular in South Africa. This down-the-hole(DTH) drilling rig is designed for percussion drilling in hard rock.

What drilling rigs do you use?

Our common drilling rigs are the 310RC, 510RC and 620RC units. They are built to handle either 3m, 5m or 6m long Drilling Rods. They have a pullback force of 10 ton or 20 ton with the hold back feature as standard. We mount these units on trailers, trucks or crawler tracks depending on the requirement.

Who makes a drill rig?

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include auger and down-the-hole rigs. Typically these are mounted onto either trucks, tractors or crawler tracks, but we have successfully supplied customised rigs for many applications.

Can a DTH OBC rig be used with a percussion rig?

This DTH OBC (on-board compressor) rig is also capable of drilling with both percussion and auger and has proven to be a very productive powerline construction drill. An on-board ELGI 14 bar compressor is also fitted onto this same truck carrier truck. We supply the market-leading Hotline(TM) Reverse Circulation rigs.

Does a hammer rig need a compressor?

It requires a separate compressor to drive the hammer and bit combination. This drilling rig is designed for auger drilling in soft to general ground. They are usually mounted onto 4x4 trucks but we have built them onto other carriers as required by our customers.

Hanjin Drilling Co., Ltd. established designing and building full-hydraulic, long stroke, top head drive drill rigs in 1989 at our manufacturing facility located in Kwangju, South Korea. Today, we ...

Down-the-hole D460A drill rig: handles 115-152mm holes up to 35m deep, with a Cummins engine, heavy-duty boom, and hydraulic feed. Includes a 2000 ...
