What makes Hanshin a great air compressor company?

Unlike many air compressor companies that have arisen and failed, Hanshin has proudly set the standard with the "Air compressor equals Hanshin" mentality and the exceptional evaluation that our customers have given us.

When did Hanshin air compressors go public?

Hanshin went public in 1987 and in 1999, became the first company ever to domestically produce compressors for nuclear power plants in the history of Korea. In 2001 Hanshin became the industry's first ever air compressor company to establish a factory in China and became known as the leader in the Korean air compressor industry.
