

Spanish engineering survey drilling rig manufacturer

What kind of drilling equipment does Segovia offer?

Their extensive product range features drilling machines for groundwater extraction and specialized rigs for geotechnical and geothermal applications, capable of reaching depths of up to 150 meters. Segovia Drilling/Segoqui: Drilling equipment and machinery for water well, mining, geotechnics and geothermal rigs.

Who is Segovia drilling?

Segovia Drilling/Segoqui: Drilling equipment and machinery for water well, mining, geotechnics and geothermal rigs. The company specializes in providing world-class earthmoving services for mining and construction, highlighting their expertise in drilling and blasting.

What is a drilling rig?

Drilling rigs. Our drilling rigs are used for drilling oil and gas wells, geothermal wells, for deep water drilling, or salt deposits. UPET rigs are capable of drilling down to 6 kilometers depth, and the lifting capacity is up to 300 tons. Rigs are installed on chassis with 5-8 axles or semitrailers, we use conventional or electric engines.

What kind of drilling equipment does Upet offer?

UPET is one of the leading drilling equipment manufacturers in Europe. We offer: Mobile drilling and workover rigs of 150 - 1500 HP (30 - 300 tons) capacity. Specialized drilling equipment - rotary tables, traveling blocks, hydraulic swivels, sheaves, mud pumps, masts (derricks), and other components for drilling rigs.

Why should you choose Massenza drilling rigs?

From 100 to 1600 m deep, Massenza rigs allow to have access to the geothermal energy of the Earth for ecologic heating. The centenary and more experience of Massenza company in the design and construction of drilling rigs for water wells ensures the highest quality and reliability for this field.

What types of drilling equipment do you manufacture?

Drilling equipment. We manufacture various drilling equipment such as rotary tables (MRS and MRL models), traveling blocks (MC), swivels (CH), drawworks, mud pumps, auxiliary brakes, crownblocks, masts, substructures, bevel gears, hydraulic jacks, hydraulic mast elevators, and chain transmissions. Additional services.

Founded: 2008 Headcount: 51-200 LinkedIn Litan is a professional manufacturer focused on rock drilling tools and excavation tools, including TBM cutters, top ...

Facilities and Capabilities Arabian Rig Manufacturing (ARM) is the largest integrated rig manufacturing,

Spanish engineering survey drilling rig manufacturer

drilling equipment, and aftermarket facility to date, spanning nearly 500,000 ...

Discuss a Project Survey and Positioning We improve efficiency throughout the marine construction process by providing accurate and precise positioning services for drilling rigs, ...

ZZ Group machinery corp is a manufacturer who designs and produces geological exploration equipments (like drill rigs), coal bed methane equipments (like CBM drill rig), engineering ...

Drilling Rigs Our product range is wide and with some designs highly adaptable to the needs of each client. At the external level we can customize our machines ...

Design and manufacture of equipment and drilling tools For civil engineering, geotechnics, groundwater and mining. See product catalog

Find the top drilling rig suppliers & manufacturers in Spain from a list including AMS, Inc., Massenza Drilling Rig & Eigenbrodt GmbH & Co. KG

Power Distribution Engineering Jelec complete engineering solutions reduce operational costs, increase safety, enhance drilling and equipment optimization / performance. Jelec's focus is on ...

Enggpro presents the most comprehensive database of the Top Onshore or Land Drilling Rig manufacturers, suppliers and exporters in India, USA, Middle East, Canada and Other Asian ...

Founded: 2008 Headcount: 51-200 LinkedIn Litian is a professional manufacturer focused on rock drilling tools and excavation tools, including TBM cutters, top hammer drilling tools, and raise ...

They search for and produce petroleum, they transport, drilling and operate list of oil rigs, refine and market petroleum and petroleum products. ...

Core Drilling Rig YG core drilling rig is a multifunctional core drilling rig, mainly used for shallow hole core drilling with diamond or carbide drill bits. It is also ...

Our cutting-edge equipment combines innovative technology, robust construction, and precise engineering to ensure reliable and precise drilling in even the ...

UPET is one of the leading drilling equipment manufacturers in Europe. We offer: Mobile drilling and workover rigs of 150 - 1500 HP (30 - 300 tons) capacity. ...

With unmatched technical and global experience, RigQuip offers rig packages, maintenance and drilling equipment parts to customers worldwide.

Spanish engineering survey drilling rig manufacturer

Rig condition and acceptance surveys are assessments by way of a detailed evaluation of equipment and systems and covers an in-depth survey of the state of maintenance of the rig.

Geological Conditions Our geotechnical drilling rigs thrive in varied geological conditions, with precision engineering and advanced technology. These robust ...

TAIYE fully hydraulic surface top-hammer drilling rig is equipped with a high-power hydraulic rock drill for drilling operation. As a hydraulic drilling rig ...

Top Drilling Companies in Spain The B2B platform for the best purchasing decision. Identify and compare relevant B2B manufacturers, suppliers and retailers

Drill rig manufacturer you can count on for quality geotechnical products, drill rigs, test rigs, underpinning and compaction grouting equipment.

Modu-survey services include rig inspections, surveys, audits, rig intake, reactivation, customized OTJ rig inspection & compliance training, crew competency assessments on all types of ...

Offshore Engineering SurveyCOSL has been involved in offshore survey and geotechnical investigation industry since 1976, and has accumulated rick ...

Rig Survey International performs professional, independent surveys and inspections on all types of land and offshore drilling rigs and support vessels. RSI Engineering has provided project ...

Huanghai Machinery is a manufacturer who designs and produces geological exploration equipments, coal bad methane equipments, engineering foundation equipments and horizontal ...

SH30-2A engineering survey drilling rig is mainly used in the geological survey of placer gold exploration, industrial buildings, civil buildings, roads and bridges. The drilling rig has two ...

ZZ Group Machinery is a manufacturer who designs and produces geological exploration equipments, coal bad methane equipments, engineering foundation equipments and horizontal ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...
