

Specifications and models of down-the-hole drill rigs

TECHNICALSPECIFICATION The Sandvik D25KS is a diesel powered, propelled crawler mounted blasthole and large scale quarrying. This production complete with a high pressure ...

TY-370GN crawler-type hydraulic down-the-hole drilling rig: it is a large-scale down-the-hole drilling rig with a drilling range of 200 meters. The advantage is that the drilling speed is fast, ...

KQTG-150 Down-The-Hole drilling drig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for ...

Down the hole drilling rig is to make the impactor dive into the hole in the process of rock drilling to reduce the energy loss caused by the transmission of the ...

Furukawa Rock Drill Co., Ltd. has developed the DCR L130-F5, a new series of down-the-hole drills for the U.S. and Europe, and began selling ...

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and ...

This page provides you with SANDVIK DR540 down-the-hole drill rig parameters, prices, pictures and other information. It is the main website for your SANDVIK DR540 down-the-hole drill rig ...

It features a limestone, aggregate quarries and unique VL 140 pneumatic rock drill. surface mining applications. This rig is a rugged, verstile machine which can take on tough tasks in rough ...

The DCRL130, from Furukawa FRD, is an environmentally friendly & compliant rock drill that is proven, reliable & high-performing while conforming to market ...

DL long-hole drilling rigs are a kind of mining hydraulic drilling rig in underground mines project. Our production drill rig is mainly used for drilling blast holes of ...

The DTH drilling rig (down-the-hole) is a highly efficient rock drilling equipment used in open-pit mines, stonework projects, road construction, and other scenarios. It is also called a shallow ...

are matched to over-all rig capacity. The single motor worm-gear head is rugged and compact for down-the-hole (DTH/ DHD) drilling with air and foam. Its floating spindle absorbs drilling ...

Specifications and models of down-the-hole drill rigs

There are many specifications and models of down-the-hole drilling rigs. According to the size, the specifications and models of down-the-hole ...

Model: JC710/JC710D Max. Drilling depth:30m Drilling Method:Air Drilling & DTH Drilling &&>>> Introduction Built for mobility and precise down-the-hole drilling in small to mid-scale ...

If you are choosing when choosing a drilling rig for down the hole and understanding the variations between the models can aid you in selecting ...

The AirROC D35* is the smallest and most popular of our crawler mounted, Down-the-Hole drilling rigs. This robust pneumatic rig is self propelled, easy to operate and simple to maintain. ...

FY series Water Well Drilling Rig is a light, efficient, and multifunctional drilling equipment. This series of water well drilling rigs are powered by diesel engines.

Drilling machines are essential tools used in various industries like manufacturing, construction, and engineering, where precise hole-making is critical. Understanding the specifications of ...

Leopard DI650i is a diesel powered, self-contained crawler mounted intelligent down-the-hole drill rig designed for demanding high-capacity production drilling applications in surface mining, as ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

It also contains brief descriptions of Sunward's down-the-hole drilling rig models SWD, SWDA/B, SWDE, and SWDW, noting their intended uses, key features, and benefits. The document ...

Sandvik D45KS drills holes down to a maximum depth of 63 meters (206.69 ft) and is designed for coal, gold and iron ore mining. It prioritizes easy ...

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are road cutting, pipeline ...

Manufacturers of the Rotary Drilling Rig Machine. REL Specialized in Rotary Blast Hole Drill Rig, Down the Hole Drills for Mining, Quarrying & Construction.

The ZT44 is a down-the-hole surface drill rig designed for mining-duty applications. It offers high reliability and production with purpose-built structures, a high horsepower engine and large ...
