

Spherical drill bit accessories for down-the-hole drills

What DTH drilling tools do you offer?

We offer a complete range of DTH drilling tools including hammers, bits, pipes, adapters, breakout benches and grinding machines with consumables. The history of the down-the-hole hammer manufacturing goes back more than four decades. For the past 40 years and still today, our goal is to produce the best products for our customers.

What drilling tools does drill King offer?

Drill King is able to offer a comprehensive range of DTH rock drilling tools and drilling equipment for any tough environment providing a cost-effective drilling solution. Our range includes various drilling bits types, each designed for specific drilling needs and conditions. Join us in Conventional Center, Las Vegas, Nevada, 2024 in Booth #657

What hammers are available for deep hole drilling?

Wide range of large diameter Down the hole (DTH) hammers for your Deep hole drilling. Drill King manufactures the widest range of high quality Down the hole (DTH) tooling. From hammers, bits, shock absorbers, hole openers to casing systems and (WAI) water hammers and hole openers.

Which DTH drill bits should I buy?

SHANDIKE has a comprehensive range of DTH drill bits to match all conceivable applications. Each bit is made from quality alloy steel, and has been precision machined to produce a perfect body, heat treated to the required hardness, given surface compression for fatigue resistance, and fitted with precision buttons manufactured in-house.

What is a down the hole hammer?

Bits are conditioned by a special manufacturing procedure which establishes a protective cushion on the bits, thus reducing chances of cracking which often occur in hi-impact drilling products. The Down the Hole hammers range varies from 2.5 to 12 inches diameter. The Down the Hole over burden drilling systems ranges from 4 3/4-12 inches diameter.

What are the different types of Drill hammers?

The button shapes and grades include Spherical, Ballistic and Parabolic. Bits are conditioned by a special manufacturing procedure which establishes a protective cushion on the bits, thus reducing chances of cracking which often occur in hi-impact drilling products. The Down the Hole hammers range varies from 2.5 to 12 inches diameter.

Learn how to drill a hole in a sphere flawlessly with this comprehensive guide. Discover the essential steps, such as selecting the right drill bit, marking the drilling point ...

Spherical drill bit accessories for down-the-hole drills

The concave bit design is an excellent all around bit, suitable for soft and hard formations. The cone shaped face design provides good stability during drilling, allowing for straighter holes ...

For efficient Down-The-Hole (DTH) drilling, you need high performing drilling tools. Tools that increase your productivity and sustainability, while reducing your total operation cost and ...

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's surface. This technique involves a hammer that is ...

Ballistic button rock drill bits are designed with multiple carbide buttons on the tip that provide a higher impact force and a faster drilling process. This type of ...

Down-the-hole drilling pipes Down-the-hole drilling pipes are engineered with cold-drawn seamless tubing material N80 to ensure straightness, thickness and high strength for a ...

Down the Hole Bits Looking for Bits for your down the hole (DTH) drilling? International Driller's Supply carries the largest selection in North America. ...

With many years of experience in the manufacturing down-the-hole drilling tools, WOOKIE has developed a series of DTH bits that can adapt to various working conditions, widely used in ...

Drill King specializes in manufacturing top-quality drilling equipments and drilling tools, including a wide array of drilling tools, drilling bits types tailored to various geological conditions. Our ...

Having a knowledgeable and available world-class partner on site or online, makes the difference between doing it alone and tapping the experience and ...

Professional Down the hole (DTH) Button Bits supplier, AME Drill supply Halco bit and Down the hole (DTH) Button Bits. Get more detail about high efficient drilling tools at factory price!

DOWN THE HOLE PRODUCTS DTH Bits The bit ranges varies from 3 to 18 inches diameter, with different face styles like Concave, Convex and flat. The button shapes and grades include ...

A noticeable feature of Epiroc DTH drill bits is that they have more buttons, which increases the energy released when drilling. The bits also include the new Epiroc carbide, resulting in less ...

T51 Dome Rock Tungsten Carbide Drill Bit Mining Drill Bits 152mm Description This type of bit is used for making large cut holes in drifting and tunneling. A ...

Spherical drill bit accessories for down-the-hole drills

Factory Sales Dth Drill Bits Use Tungsten Carbide Spherical Buttons, Down The Hole Drilling Bits, Find Complete Details about Factory Sales Dth Drill Bits Use Tungsten Carbide Spherical ...

Drill King specializes in manufacturing top-quality drilling equipments and drilling tools, including a wide array of drilling tools, drilling bits types tailored to ...

Explore various Rock Drill Bit Types and learn how to choose the ideal bit for different geological formations, from soft soil to hard rock. Optimize ...

Sinodrills is an international market-oriented enterprise specialized in manufacturing and supplying rock drilling tools. Relying on two manufacturing ...

One of the most crucial components in the system is the down hole hammer. It operates seamlessly with the drill rig, channeling the air or fluid down through the drill string. The down ...

Competence - we know the drill We have seen down-the-hole products being used in different applications all over the world. We can assist, not only with ...

Down-The-Hole drill, abbreviated to DTH is probably the most productive and cost effective method used to drill accurate and quality holes between 4" and 10" ...

ROCKMORE DTH (Down-the-Hole) Drilling Tools Rockmore International manufactures the finest and most efficient Down-the-Hole (DTH) hammers and bits for the mining, construction and ...

JINGLING 20mm 3/4 inch Spherical Head Diamond Grinding Bits Round Ball Bit Sphere Rotary Burr Grit 80 Stone Carving Tools 1/4" Shaft Attachment for Bosch, DeWalt, Makita

Down-the-hole, or DTH drilling allows for reaching greater depths with the hammer located right behind the drill bit. Robit is a leader in DTH products.

Rocktec Down The Hole product range includes DTH Hammers, DTH Bits, DTh Odex, Drills Pipes, Adapters, DTh Symmetric and related products used in Water-well drilling, Mining, ...

PDC drill bits is mainly used for drilling soft and medium-hard formation. Such as mud stone, limestone, shale, sandstone and granite etc. Application: PDC drill bits are used to penetrate ...
