

Stationary twin-screw air compressor sales

Where can I buy stationary air compressors?

Online shopping for Stationary Air Compressors from a great selection at Tools & Home Improvement Store.

What is a twin screw compressor?

Twin screw compressors are a type of compressor that are extensively used in refrigeration, gas processing and energy industries. They are widely used in these industries for various compressor applications that can greatly vary in terms of flow-rates, pressures, temperatures and working fluids. For each specific application, twin screw compressors can have improved performance through the use of a uniquely optimised rotor profile.

What brands of air compressors does Northern Tool & Equipment sell?

Northern Tool + Equipment carries a variety of stationary electric air compressors from name brands such as North Star, Quincy Compressor, Ingersoll Rand, Dewalt, and more. While browsing our selection, be sure to consider each unit's electrical power requirements, horsepower rating, and the CFM requirements of your air tools.
