

Wheel Roof Bolter Rock Drill

Exceptional flexibility and innovation in a common platform. Designed for flexibility and productivity, the ZJ21 is a jumbo drill on a first-ever common-carrier platform with the ZB21 ...

training in Underground Drill Rig, LHD Scoop, Roof Bolter, UV (Utility Vehicle), Underground Mine Truck, RDO, and Scooptram. Gain practical, hands-on skills to operate ...

Fletcher bolters are built for your application, whether it's a high, medium or low seam. Available with rubber tire or crawlers, these machines are built for maneuverability. The versatility of the ...

The Fletcher 3035-AD model bolter is designed for bolting in high conditions. Once the bolt carousel is loaded, drilling, resin insertion, and bolting is all ...

The Fletcher DDR model roof bolter is the lowest dual bolter that allows both angle and vertical drilling. Capable of installing rib and truss bolts, these ...

Sandvik DS311 is a single operator electro-hydraulic rock bolter for rock reinforcement in underground mines with small and medium cross sections. The operator works below ...

MA-S25-L-SR S25 Roof Bolter Rock Drill POA The S25, is the industry standard jackhammer for development end drilling. It is a hard-hitting, powerful machine designed for use in any drilling ...

MacLean bolters provide precise and durable roof bolting to secure mine roofs, while Scalers efficiently remove loose rock to maintain a stable and safe mining environment. Engineered for ...

YZ350M tire type anchor rod trolley is a special mining equipment designed for tunnels and mines. It adopts hydraulic control, imported rock drills, heavy-duty drilling arms, sturdy ...

Epiroc's rock bolting rigs are used for rock bolting in mining and tunneling applications. Our range includes models suitable for roof heights from 1.8 to 13 meters. Features include a screen ...

Epiroc's rock bolting rigs are used for rock bolting in mining and tunneling applications. Our range includes models suitable for roof heights from 1.8 to 13 ...

The Fletcher Model N3016-AD/E roof bolter is designed for bolting in narrow heading conditions, as small as 10" x 10" headings. Once the bolt carousel is loaded, drilling, resin insertion, and ...

Sandvik DS312D is a one-man-operated rock bolter for rock reinforcement in underground mines with small

Wheel Roof Bolter Rock Drill

and medium cross sections. The Sandvik DS312D is the ultimate versatile rock ...

Bolters Roof Bolters are specialized mining machines designed for drilling holes and installation of safety bolts in roof and walls of underground mining excavations. Mine Master offers bolters ...

Sandvik DS422i is a rock support drill designed for cement-grouted cable bolt installation in underground mines and tunnels. The bolter can install up to 25 meter long cable bolts with ...

Built from proven and reliable components, Sandvik DS311D uses RD314/RD315 rock drill for fast performance, installed on the Sandvik Bolting Head with low operating cost. Versatility is also ...

TECHNICAL SPECIFICATION Sandvik DS311D is a one-man-operated electro-hydraulic rock bolter for rock reinforcement in underground mines with small and medium cross sections.

Sandvik DS211L-M is a low-profile bolter engineered for rock reinforcement in excavations with headroom as low as 2 meters (6.5 feet). The dedicated ...

Our Roof Bolters are engineered with intuitive operator controls, making operation smooth and straightforward. Need flexibility? Our quick conversion feature ...

Roof bolting rigs, also known as mining bolters, are specialized underground mining machines designed for drilling holes and installing safety bolts in the roofs and walls of underground ...

The exceptional V-shape layout is designed for good visibility and balance. Coupled with a powerful four-wheel-drive articulated carrier, it ensures safe, fast and versatile manoeuvring, ...

The Fletcher 3124-AD model bolter is a versatile roof drill designed for general purpose bolting in up to 24" high conditions. Boom lifts, swings, and extends to ...

JH Fletcher & Co, one of the global leaders in the manufacture of mobile equipment used in underground mining, now offers a low profile, rotary percussive drill head designed ...
