

# Wuxin WD561 trolley rock drill

?????WD561 ???4m&#178;-20m&#178;??

Wuxin Tunnel Intelligent Equipment Co.,Ltd, established in 2010, is the first Subsidiary company from the Wuxin Group to be listed in the China stock market. As a professional manufacturer ...

Lithium electric version of intelligent driving drilling car EWD561 Intelligent drilling vehicle WD561 (CYTJ45 (A)) Intelligent tunneling drilling vehicle WD581 (mine safety model CYTJ45) Full ...

Fully computer-controlled drilling system, automatic positioning and hole drilling, precise control of feed angle and hole depth, and small over-excavation; The worker safely far away from the ...

Double layered propulsion beam configuration, adaptable to flexible matching of drill rods of different lengths, can simultaneously meet the needs of excavation space operation and ...

High torque output, minimizing the risk of drill jamming; Double buffering system, maximizing capacity to absorb stress wave recoil; High impact frequency reducing drill bits and drill pipe ...

????????????????????2010?,?A????? (????:835174),?? ...

Equipped with an 8kW rock drill, it has high work efficiency and low energy consumption; Adopting four-wheel drive, the chassis is equipped with a 66kW engine power system; Equipped with a ...

Face drill rig WD561 Face drill rig WD581 Rock bolting rig MT571 Face drill rig WD561-max Face drill rig WD561-mini Face drill rig WD582 Face drill rig EWD561 Rock drill U1838ME Rock drill ...

?????WD561(???????) ???4m&#178;-21m&#178;??

In the middle of 2022, five sets of Uniroc"s face drill rig WD561 were sent to Luoyang, Henan Province one after another to help Zijin Mining Group Luoyang Kunyu Mining Co. in the small ...

Wuxin Tunnel has lunched a new hydraulic face drilling rig for tunneling and mining development in cross sections between 4-21m&#178;.

The pioneering sliding arm structure has a wide operating range and significantly reduces the length of the entire vehicle, which can meet the requirements of multi section construction and ...

Electric proportional hydraulic control, simpler operation, more convenient, flexible, and accurate drilling

# Wuxin WD561 trolley rock drill

positioning; Equipped with functions such as automatic drilling, automatic retraction, ...

Hunan Wuxin Tunnel Intelligent Equipment Co., Ltd.(Uniroc -- overseas brand) founded in 2010, is a listed company in Beijing Stock ...

Face drill rig WD561 is a "small section construction tool" jointly developed by Wuxin Equipment and Long Mining Institute, which is compact in size, with a minimum working section of only ...

The robotic arm has flexible movements, no dead corners in construction, and a large working range; Adopting mechanical four-wheel drive, front wheel steering, abundant power, and a ...

Drilling and anchor rod installation can be completed on the same propulsion beam, with a built-in clamping device that can assist in disassembling and assembling drill rods, making operation ...

Pioneering a curved arm structure with a wide range of operations, it can adapt to multi section construction and achieve arch excavation, overcoming the problem of traditional rock drilling ...

Remote control electric proportional operating system, easy to operate and learn, safe and reliable; Equipped with dual functions of resin and pipe joint anchor construction, one machine ...

Face drill rig WD561 Face drill rig WD581 Rock bolting rig MT571 Face drill rig WD561-max Face drill rig WD561-mini Face drill rig WD582 Face drill rig EWD561

The first domestically developed curved boom structure, with a small overall size, can meet the construction needs of most section types in tunnels and tunnel construction, especially for ...

2024 ?????????????????? ??????????;??WD582? WD561-Max????????? ??? ?????? ???4m&#178;-21m&#178;????????????????????? ...

Enter the store ? Intelligent drilling vehicle WD561 (CYTJ45 (A)) Intelligent tunneling drilling vehicle WD581 (mine safety model CYTJ45) Full computer / computer guide two-arm rock ...

Uniroc"s face drill rig WD561& WD561-max to work as hard as you. Uniroc Mining and Tunneling 15 subscribers Subscribed

wuxintunnel Wuxin intelligent equipment for tunnel construction and underground mining, which include rock drilling rigs, platform lifter, shotcrete machine, waterproof boardrebar work trolley, ...

This paper mainly studies the application of three-arm rock drilling trolley in tunnel excavation. Firstly, the basic structure and working principle of ...

## Wuxin WD561 trolley rock drill

Small size of the whole machine with few parts; Hydraulic system makes rock drill operation more convenient and efficient; High penetration rates and low tool loss.

Our main products include drilling jumbo, shotcrete machine, multi-functional arch installation vehicle, digital rock bolting jumbo, digital maintenance trolley, digital pouring lining trolley and ...
