

Xinghai Sea Well Drilling Rig Official Website Inquiry

What is the deepest vertical well in Asia?

(Xinhua/Hu Huhu) BEIJING/URUMQI, Feb. 20 (Xinhua) -- China National Petroleum Corporation (CNPC) announced Thursday that it has completed the drilling of the deepest vertical well in Asia, as a borehole reached a depth of 10,910 meters in China's northwestern desert.

How long does it take to drill a well?

According to CNPC, drilling began on May 30, 2023. It took over 580 days to complete the 10,910-meter drilling, with more than half of the time -- some 300 days --- spent on the final 910 meters. The well has penetrated 12 geological formations, ultimately reaching rock layers that date back over 500 million years.

How deep has CNPC drilled in the Tarim Basin?

In recent years, CNPC vigorously implemented the "deep-Earth drilling project" in the Tarim Basin, and successfully drilled more than 140 "underground Everests", each with a depth of more than 8,000 meters.

How difficult is the drilling of Shenditake-1 well?

From surface to 10,000 meters downhole, the drilling of Shenditake-1 well faces complicated and changeable geological conditions, as well as continental strata with various lithology and pressure systems.

XSL series deep (water) well drilling rig uses full hydraulic control and the top drive to drive the rotation of drilling tools with very high drilling efficiency. Reasonable overall layout uses the ...

XCMG Official Xr400e Deep Well Piling Machine Rotary Drill Drilling Rig Price for Sale It adopts double-boom luffer and H-style. Dedicated hydraulic retractable ...

Our diverse rig fleet of ultra-deepwater drillships, versatile semisubmersibles and modern shallow-water jackups is capable of meeting a wide spectrum of customers' well program ...

New York oil & gas operators, recent drilling permits, producing wells, and well production information. DrillingEdge provides drilling permits, well completion information, and production ...

The following resources are available for public access to information and data regarding oil, gas and other well types in New York State: The Division of Mineral Resources" maintains ...

View All > BrandName XCMG Certification CE/ISO9001 Dimension (L*W*H) XCMG E-commerce Inc. Certified for 8 years 5.0 /5 Rating Within 24 hours Response Time 2017-12-31 Year of ...

Xinghai Sea Well Drilling Rig Official Website Inquiry

The construction site of the XCMG water well drilling rig has the reputation of "Millennium Phoenix City, a Phoenix Wonderland". It covers an area of 2,000 acres. The completion of the hot ...

China National Petroleum Corporation announced on Thursday that it has completed the drilling of the deepest vertical well in Asia, with a ...

XSC/XSL series deep (water) well drilling rig uses full hydraulic control and the top drive to drive the rotation of drilling tools with very high drilling efficiency. Reasonable overall layout uses the ...

XCMG Official 10.5ton Water Well Drilling Rig XSL4/200. XSL series deep (water) well drilling rig uses full hydraulic control and the top drive to drive the rotation of drilling tools with very high ...

The China National Petroleum Corporation (CNPC) announced on Thursday that it has completed the drilling of the deepest vertical well in Asia, ...

Completed is the drilling of the high-pressure wells in the phase-II construction of China's first self-developed ultra-deep-water gas field, Shenhai Yihao, or Deep Sea No. 1, in ...

The goods are out of stock for the time being. Please enter your Email below. When we have the spot supply, we will send you an email to inform you! *E-mail: Submit Product: XCMG ...

*The Tarim Basin is China's largest deep-earth oil and gas reservoir, with 83.2 percent of its deep oil resources and 63.9 percent of its deep natural gas buried below 6,000 ...
