

YaT29 forward rotating rock drill

Drilcorp explore rotary drilling, offering advanced methods to penetrate all strata, backed by a versatile fleet of drilling rigs. Read more!

Rotation - Lever forward to rotate drill rod clockwise. Lever back to rotate drill rod counterclockwise.
Flushing - Lever forward to active water flushing. Lever back to active air ...

We are one of the leading manufacturers of pneumatic rock drill also called jack hammer, with decades of expertise in manufacturing. These sinker rock drills are used for mining industry ...

The MR-5 ID is a hydraulic drilling unit for using 2" or 3" down-the-hole hammer, or rock drill weighing 58 kg with separate right and left rotation, provided with ...

Explore various Rock Drill Bit Types and learn how to choose the ideal bit for different geological formations, from soft soil to hard rock. Optimize your drilling performance ...

Discover the different components and functions of a rock drill with this comprehensive guide on understanding its inner workings. Learn about ...

It has a relatively high drilling efficiency. The YT29A can drill holes with a certain diameter range, usually suitable for a variety of mining and tunneling applications. The impact energy it ...

Epiroc rock drills are core components to your drilling equipment. To ensure the safest and most efficient operation of you equipment, we offer a full line of support specific to these ...

Meet the YT29A, our most powerful heavy-duty air leg rock drill. Engineered for rapid tunneling and hard rock drilling. Get superior performance and reliability. Request a quote!

Equipment YT29A pusher legs and stoper rock drills cover all construction, tunnelling and mining applications in different rock formations. They are robust ...

Equipment YT29A pusher legs and stoper rock drills cover all construction, tunnelling and mining applications in different rock formations. They are robust designed, with high impact energy ...

Scope of application YT29A is a heavy-duty pusher leg Rock Drill featuring high efficiency and low air consumption is primarily designed for drilling in mines,hydro-power stations,and road ...

We supply drilling equipment and rock drill supplies for mining and construction projects in the USA and
