

Yangquan Hydraulic Down-the-Hole Drilling Rig

What is a DTH drill rig?

DTH Drill, also called shallow surface drill rigs and rock drills, combine performance and economy, making them ideal for quarries or construction sites. Yugong rigs offer excellent drilling capabilities and keep fuel consumption and operating costs to a minimum.

Are Yugong rigs good for drilling?

Yugong rigs offer excellent drilling capabilities and keep fuel consumption and operating costs to a minimum. Yugong's new generation of down the hole drilling rigs can stand up to any task, including production drilling, quarry/mine development and wall control.

Who makes YG drill bits?

For over 17 years, YG has been a renowned manufacturer of mining rigs, construction rigs and mining and quarrying rigs, and as such is focused on making drilling easier. YG has designed, manufactured and consistently delivered more than 2000 drill bits in different capacities.

Full hydraulic down-the-hole (DTH) drilling rig is a drilling rig for sale that uses oil pressure to drive and control all moving parts in the process of adjusting the ...

The small down the hole drilling rig offers hybrid motor-air performance, designed for efficient rock drilling in tight or steep areas. Click!

JC358A hydraulic down-hole drill is a multi-functional down the hole rock blasting drilling rig driven by internal combustion engine, the drilling power was provided by hydraulic system except for ...

When you need depth, power, and durability, our Hydraulic DTH (Down-The-Hole) Drill Rig delivers. Built for hard rock formations, it combines advanced hydraulics with a heavy-duty hammer system to ...

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's surface. This technique involves a hammer that is ...

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called down-the-hole drilling machine ...

Down-the-hole D470D drill rig: drills 138-165mm holes up to 30m deep, with a Cummins engine, heavy-duty boom, and 21m³/min compressor. 2000-hour/1 ...

Crawler hydraulic down the hole drilling rig Mechanical top drive drilling rig Exploration drilling rig

Yangquan Hydraulic Down-the-Hole Drilling Rig

Pneumatic water well drilling rig Dual power head rock core drilling rig Air-lift reverse ...

The down-the-hole drill rig is indeed an impact rotary drill rig that operates differently from a conventional rock drill. Its internal structure features an independent gas distribution and ...

The down-the-hole drilling rig also uses air compression as the driving force, rotating impact and crushing rocks to form piles. The principle is that the inclination impactor of ...

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include auger and down-the-hole rigs. ...

The DTH drilling rig (down-the-hole) is a highly efficient rock drilling equipment used in open-pit mines, stonework projects, road construction, and other scenarios. It is also called a shallow ...

The KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine,stonework blast ...

When you need depth, power, and durability, our Hydraulic DTH (Down-The-Hole) Drill Rig delivers. Built for hard rock formations, it combines advanced hydraulics with a heavy-duty ...

A down-the-hole drill, usually called DTH Drilling Rig, is basically a mini jackhammer screwed on the bottom of a drill string. The speedy hammer ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

Down-the-hole D460A drill rig: handles 115-152mm holes up to 35m deep, with a Cummins engine, heavy-duty boom, and hydraulic feed. Includes a 2000 ...

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and scalable automation features.

Built for mobility and precise down-the-hole drilling in small to mid-scale construction sites, JC710 offers a balanced combination of compact design, efficient power transmission, and stable ...

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and ...

Down The Hole Hammer Drill Rigs for Mining, the ZEGA D470A's diesel-powered, down-the-hole (DTH) drill has excellent mobility, a smaller footprint and the ability to serve multiple sites. It is ...

Yangquan Hydraulic Down-the-Hole Drilling Rig

Geological Hydraulic Core Drilling Rig XYX-3 hydraulic crawler core drilling with wheel is equipped with wheeled walking mechanism and hydraulic cylinder ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

The YQ down-the-hole drill rig is a powerful, versatile, and efficient tool that is well-suited for a wide range of drilling applications. Its unique features, including high drilling efficiency, robust ...

The JL598 crawler-type hydraulic down-the-hole drilling rig has a fully optimized structure, lower footage cost, and a more user-friendly design. A diesel engine (electric motor)-hydraulic oil ...

SWD series down-the-hole drills are widely used in blasthole drilling applications for surface mining, construction and quarries. Hole diameters range from 138mm to 255mm ...

Down-the-hole (DTH) hammer drilling is often used to drill large, deep holes in hard rock formations or concrete. It is, as the name tries to explain, a hammer ...
