

Yongji rock drill rod

What are drill rods made of?

High quality steel Our drill rods are made of high-quality alloy steel, which perfectly balances the wear resistance and flexibility through a special heat treatment process, can meet the requirements of hard rock drilling, and has a longer service life. Advanced manufacturing technology

What are the different types of drilling rods?

Extension Rods: Versatile, used for deep and bench drilling, characterized by their ability to be connected in series for extended reach. Drifter Rods: Robust, designed for high-impact horizontal drilling, rock bolting, and tunnel development, known for their durability and stability.

What are the advantages of a drill rod?

Our drill rods have the advantages of high wear resistance, high fatigue strength, high toughness, and long service life. What Is Drill Rods Used For? Litan drilling rods (hydraulic drill rod, heavy duty drill rod for top hammer rock drilling) are made of high-quality alloy steel.

What technology does a drill rod use?

Advanced manufacturing technology Our drill rods adopt a complete set of mature technology such as advanced surface treatment technology, smelting technology, and mechanical processing technology, which greatly reduces the loss of energy in transmission and makes the drilling speed very fast.

What type of rock drill rigs are available?

YT27, YT28, YT29A, YT24, YT26, YSP45 pusher air leg pneumatic rock drills and YO18, Y19A, YO20, Y24, Y26, YN27C hand held rock drill rigs.

SHANDIKE offer Complete Series of drilling tools include, tapered rods, threaded and tapered drill bits (R22, R28, R35, T38, T45, T51, G60), DTH hammers, pipes and bits etc.

China Drill Rod catalog of Rock Drilling Tools T45 Thread Drill Rod for Bench Drilling, Hard Rock Drilling Bits and Rod Top Hammer Drill Rods Connecting Rod for Drill provided by China ...

Discover MF drill rods (Male-Female) for top-hammer drilling. With integrated threads for a more rigid connection, they improve hole straightness, reduce energy loss, and simplify handling in ...

With a wide range of rock drilling tools for rock excavation, JSI Rock Tools delivers premium rock drilling tools solutions and products with cutting-edge ...

Rock drill rods are the backbone of any mining operation, providing the necessary strength and durability to penetrate through hard rock surfaces. Without these ...

Yongji rock drill rod

Our rods and bits for our Pneumatic Rock Drills can handle all applications: From granite mining, stone quarrying and asphalt drilling to construction. We supply ...

Discover effective strategies for selecting drill rods in hard rock drilling to enhance efficiency and reduce operational costs. Learn about material selection, optimal rod sizes, and ...

DRILL RODS & SUBS Hole Products offers a complete line of quality rotary, conventional (W, WJ, & N), sonic, wireline and reverse circulation drill rods, and a vast range of subs. In ...

Taishan rock tools is a professional manufacturer of rock drilling tools, products include cross bit, chisel bit, shank adapter, Drifting drill rod, Extension drill rod, MF (male female) rod, speed rod ...

Drill Connex is Australia's distributor of Rockmore International Rock Drilling Tools. If its Rock Tools you need give us a call as we have the best quality product at the best price and also ...

Rockdrilling Equipment is a trusted local supplier of quality Mine Rock Drilling Equipment in Polokwane, Limpopo. See here for more info on our products

Shandong Rock Drilling Tools Co., Ltd was established in 1993, Sanshan group is a professional factory of series of Top hammer rock drilling tools, DTH drilling tools and pneumatic rock drills ...

Percussive rock bits do not "cut" through rock. Rock bits are designed to utilize the percussive energy of the rock drill to shatter the rock and blow the cuttings up out of the hole. When ...

Tapered Drill Rod Working Principle: Tapered drill rods connect to the drill bit via a taper/angle and drill the rock using both impact and rotational ...

Top Hammer Drill Rods Rock Drilling Tools Top hammer drill rods are used in conjunction with drill bits and rock drills for drilling operations. SANDCO ...

RC drill rods are specialized dual-tube rods used for reverse circulation drilling in mineral exploration. They feature an inner tube for sample collection and an outer tube for air and ...

Rock drill rods are the backbone of any mining operation, providing the necessary strength and durability to penetrate through hard rock surfaces. Without these reliable tools, accessing ...

The factory of Shandong Rock Drilling Tools Co., Ltd. was founded in 1993 and the company was established in 2012. Our business scope consists of ...

In the realm of rock drilling, drill rods play a pivotal role as the essential link between the drilling rig and the

Yongji rock drill rod

drill bit. They are the conduits through which power and force ...

The factory of Shandong Rock Drilling Tools Co., Ltd. was founded in 1993 and the company was established in 2012. Our business scope consists of invention, manufacturing, assembly and ...

Taishan rock tools is a professional manufacturer of rock drilling tools, products include cross bit, chisel bit, shank adapter, Drifting drill rod, Extension drill ...

The series products of drill bits: tapered drilling rod H19-H25, length 0.8m-6.0m; Chisel bit Y120-Y150, the button bit's head Dia 28-60, threaded drill rod H28-H38, length of 2.0m-5.0m; D32 ...

This makes tool steel drill rods ideal for drilling through very hard and abrasive rock formations, ensuring extended tool life and consistent performance. They're a top choice for projects ...

Explore high-strength drill rods designed for efficiency and longevity in all drilling operations. Perfect choice for demanding construction and mining projects.

SHANDIKE offer Complete Series of drilling tools include, tapered rods, threaded and tapered drill bits (R22, R28, R35, T38, T45, T51, G60), DTH hammers, ...

Shandong Rock Drilling Tools Co., Ltd was established in 1993, Sanshan group is a professional factory of series of Top hammer rock drilling tools, DTH drilling ...

Rock drill rods are special tools that used in mining, construction, geological exploration and other fields by cooperating with rock drills and drill ...

Maxdrill's integral drill rods made of high-strength materials are integrally designed to be used in air-leg and hand-held rock drill for small hole drilling and soft rock drilling.

Rock Drills TAMCO offers multiple Toku rock drills for a wide variety of applications. Whether you're drilling through rock, concrete, or brick. TAMCO offers a rock drill that will fit your ...

Rock drilling tools manufacturer ProDrill manufactures drifting drill rod, drifting drill steel, drifter rod, tunneling rods, rock drill bits and rock drilling tools.

Introduction Rock Drill Technologies (RDT) was established to supply pneumatic rock drills and their maintenance spare parts to the mining, quarrying and construction industries across ...

We are one of the biggest production bases of all kinds of top hammer rock drilling tools and DTH drilling tools, mainly produce "Jinquan" brand rock tools, including threaded button bits, ...
